October 13, 2010

To: Members of the Board of Trustees

The attached document, the Comprehensive Annual Financial Report (CAFR), has been prepared for submission to the Government Finance Officers Association (GFOA) for a certificate of achievement for excellence in financial reporting. The report is submitted for the College of Lake County, Community College District No. 532 (the College), County of Lake, State of Illinois, for the fiscal year ending June 30, 2010. The report includes the College of Lake County Foundation as a component unit in compliance with Governmental Accounting Standards Board (GASB) Statement No. 39. A more detailed description of the legal entity is contained in the notes to the financial statements in the financial section.

The data contained in the report, to the best of our knowledge, is accurate in all material respects and is reported in a manner designed to present fairly the financial position and the results of operations of the various funds and account groups of the College. The College administration is responsible for the accuracy of the data and its presentation. It is a fair and complete representation of the financial affairs of the College as they relate to its mission, goals and objectives.

This letter of transmittal should be read in conjunction with the Management's Discussion and Analysis (pages 3-11) which focuses on current activities, accounting changes, and currently known facts. In 2003, the College implemented changes in the financial statements to comply with GASB Statement Nos. 34 and 35. The format and purpose of these changes are addressed in the notes to the financial statements. This presentation is designed to provide better information to the users of the CAFR.

The fiscal management manual of the Illinois Community College Board (ICCB) provides the framework for accounting codes, appropriate use of funds and ICCB reporting requirements and serves as a handbook for external auditors. In addition to following this framework the College follows accounting principles generally accepted in the United States of America (GAAP) as set forth by GASB. The financial records are generally based on full accrual.

The College is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget's Circular A-133, *Audits of States*, Local Governments, and Non-Profit Organizations. Information related to this single audit, including a schedule of expenditures of federal awards, the independent auditors' report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with Government Auditing Standards, the independent auditors' report on compliance with requirements applicable to each major program and on internal control over compliance in accordance with OMB Circular A-133, and a schedule of findings and questioned costs are included in a separately issued single audit report.

BACKGROUND ON THE COLLEGE

Established by the citizens of Lake County in 1969 within a framework of the Illinois Master Plan for Higher Education, the College of Lake County is a comprehensive community college dedicated to meeting the post-secondary educational and training needs of individuals within District 532. The College of Lake County is accredited by the Higher Learning Commission and is a member of the North Central Association.

As a public institution of higher learning, the College of Lake County serves its students and the larger community on the basis of its mission and strategic goals: 1) advance students learning and success; 2) maximize educational opportunity within the district; 3) ensure institutional sustainability and stewardship of resources; 4) promote diversity and global engagement as strengths within the college and Lake County community; 5) enable a culture of innovation, excellence, and continuous improvement; and 6) build the college's reputation as a premier educational institution.

The College of Lake County strives for excellence by responding to a wide range of transfer, career, continuing, and developmental educational needs through diverse and relevant curricular offerings. More specifically, the college pledges to provide high quality general education in the liberal arts and sciences, career education commensurate with student occupational needs and opportunities, continuing education, and basic skills that are essential for success. The college also strives to ensure that its students develop an appreciation for the diversity of world cultures and the importance of international and multicultural perspectives. As an institution that values the learning of its faculty and staff as well as its students, the college will engage in ongoing processes of assessing student achievement and providing staff development in order to improve its work and be accountable to its several constituencies.

The college also pledges to support these courses and programs with an array of print, multimedia, and electronic learning resources, and flexible student services that include advising, counseling, financial aid, and placement. Throughout all of its work, the college will maintain academic standards that will lead to competence and encourage the pursuit of excellence.

Furthermore, the college affirms its commitment to fostering the cultural, aesthetic, and intellectual life of the district and assumes responsibility for providing leadership to the community in these areas. In addition, the college is committed to the advancement and development of the district's economy and recognizes its civic responsibility to provide education and training for business and industry. In these and other areas of its mission, the college will enter into partnerships that will help achieve greater efficiency and effectiveness.

The college assures equal access and opportunity for all individuals regardless of race, ethnic origin, creed, gender, age, veteran's status, sexual orientation, or non-disqualifying disability.

MISSION, VISION & GOALS

Starting in Fiscal Year 2011 the College of Lake County set forth a new Strategic Planning initiative that includes a new mission, vision and goals. The following goals are for Fiscal Year 2011:

Mission Statement

The College of Lake County is a comprehensive community college that delivers high quality, accessible learning opportunities to advance student success and strengthen the diverse communities we serve.

Vision Statement

The College of Lake County strives to be an innovative educational institution offering exceptional learning experiences and to be widely recognized for student success, business and community partnerships and for the achievements of faculty, staff and alumni.

Goals

1. Advance student learning and success.

The College will maximize the quality of the CLC learning experience while helping students identify and reach their learning goals to become life-long learners and critical thinkers who are engaged in their communities, prepared to participate in the workforce, and knowledgeable about the diverse world in which we live.

2. Maximize educational opportunity within the district.

The College will enhance, develop and promote college-wide offerings that will anticipate and meet needs of the district.

3. Ensure institutional sustainability and stewardship of resources.

The College will efficiently manage and optimize its resources to ensure sustainable future growth and development.

4. Promote diversity and global engagement as strengths within the college and Lake County community.

The College will strive to build an inclusive community that recognizes, values, and respects people of all cultures and ways of life while cultivating social justice and global citizenship.

5. Enable a culture of innovation, excellence, and continuous improvement.

The College will promote employee engagement to create and sustain a culture of high performance, intellectual growth, collaboration and innovation that supports continuous improvement of academic programs and college processes.

6. Build the college's reputation as a premier educational institution.

The College will be recognized at the community, state and national levels for its academic quality, alumni achievement, and educational, economic, cultural, and arts leadership.

ECONOMIC CONDITION AND OUTLOOK

In Illinois, the state is divided into 48 colleges and one multi-community college center in 39 community college districts. The College of Lake County's district is located in Lake County, north of Chicago, bordering Cook County on the south, Lake Michigan on the East, and Wisconsin on the North. In the last census (2000), the population of Lake County increased by 25 percent over the 1990 level. This rate exceeded the metropolitan area of Chicago's 11 percent growth, and made Lake County one of the fastest-growing counties in Illinois. The *Chicago Metropolitan Agency for Planning* projects that Lake County's population will increase by 31 percent from 644,356 in 2000 to 844,315 in 2030. Since 2000, Lake County's population has increased 10.6 percent to 712,567 in 2009.

A significant factor that affected the college enrollment in the 2000s was the population growth in the 1990s among families with children. Although the number of school-age children declined in the 1970s (-6.5%) and 1980s (-1.3%), a dramatic increase of 38 percent occurred in the 1990s. As more housing developments were built in Lake County, the number of families with children under 18 years old increased by 15 percent between 1990 and 2000. Projections from the Illinois School Board of Education for 2012-2013 for total elementary and secondary enrollment indicate continued growth.

Lake County, and therefore the College, has a strong economic base. Although primarily a residential area, Lake County is home to some of the largest businesses in Illinois including Hewitt Associates, Motorola, W.W. Grainger, CDW, Walgreen's, Baxter, Condell Medical Center, and Abbott Laboratories. Great Lakes in Lake County is also home to the U.S. Naval Station's headquarters for training. It is the largest military installation in Illinois and the largest training center in the Navy. In addition, Lake County has become a major tourist attraction with the addition of a highly successful outlet mall, Gurnee Mills, and the popular amusement park, Six Flags Great America. A water resort, Key Lime Cove, opened in 2008.

Although Lake County has a strong economic base, it is susceptible to the peaks and troughs of the business cycle. Along with the rest of the state and national economies, Lake County experienced the great recession with unemployment reaching 11.5 percent in December 2009. Its economy is still in the process of a slow recovery with unemployment currently at 10.7 percent as of July 2010. Federally-funded construction projects and stimulus programs somewhat helped the local economy but not enough to fuel a full recovery. While the recession and its lingering effect may spur enrollment growth at the College, it also brings uncertainties to our state funding. Due to budget deficits and fiscal hardships, the State of Illinois has been behind in its payment for credit hour grants. With these tight economic and fiscal conditions, the College will still be able to provide quality education to students by looking for ways to raise revenue and cut costs.

The following table illustrates enrollment growth over the past five years that is indicative of the population growth in Lake County and reflects the College response to the community through the programs that are offered.

Enrollment Summary (Fiscal Year)

	<u>2006</u>	2007	<u>2008</u>	2009	<u>2010</u>
Annual Unduplicated Credit Headcount	27,377	27,103	27,912	28,834	31,351
Annual Unduplicated Non-Credit Headcount	38,528	36,541	37,424	36,250	32,894
Credit Hours	275,991	280,499	286,882	304,224	341,076
FTE	9,197	9,350	9,563	10,141	11,369

COLLEGE OF LAKE COUNTY ACTION PROJECTS

Overview

For fiscal year (FY) 2011, College of Lake County (CLC) is continuing its focus on planning for the future. The college completed the development of a strategic plan as recommended by Academic Quality Improvement Program (AQIP) reviewers during the spring 2009 AQIP Check-Up Visit. As a result of the strategic plan update, the college developed six new strategic goals supported by 31 Objectives. The new strategic goals are listed below.

New Strategic Goals

- 1. Advance student learning and success.
- 2. Maximize educational opportunities within the district.
- 3. Ensure institutional sustainability and stewardship of resources.
- 4. Promote diversity and global engagement as strengths within the college and Lake County community.
- 5. Enable a culture of innovation, excellence, and continuous improvement.
- 6. Build the college's reputation as a premier educational institution.

CLC's next step is to implement the strategic plan as well as update or develop operational plans which include the: college master plan, financial plan, information technology plan, sustainability plan, capital investment plan, and safety and emergency response plan. These plans will be aligned with the strategic plan.

There are various projects planned that will support the strategic plan. Three of these projects are the 2010-2011 AQIP projects: (1) Branding, (2) High Impact Courses for First Year Students, and (3) Success of Male Students (with a focus on Veterans, Latino, and African American students).

In addition to the AQIP projects, 45 departments throughout the College have identified approximately 200 action projects, initiatives or activities that will support the six new goals and 31 objectives. Selected projects for each goal are highlighted in the following pages.

Strategic Goal 1: Advance student learning and success.

Through its goal of advancing student learning and success, the college intends to "maximize the quality of the CLC learning experience while helping students identify and reach their learning goals to become life-long learners and critical thinkers who are engaged in their communities, prepared to participate in the workforce and knowledgeable about the world in which we live". Five objectives and 42 action projects have been identified to help the college meet this goal. Key projects include:

- Helping to improve retention of first year students by identifying and working to improve the success of students in high impact courses (AQIP Project) and by providing quality advising that emphasizes time management skills, goal setting, academic planning, and the utilization of college support services.
- Increasing graduation and transfer rates in the Nursing-Biological and Health Sciences Division through the use of simulation activities and a new assessment test package that allows student scores to be nationally normed.
- Increasing the success of male African-American and Latino students will be the focus of one of the AQIP Projects. Also Educational Talent Search (ETS) will offer mentorship and tutoring to African-American and Latino male high school students and academic support, activities, workshops, discussion groups, and mentoring will be provided to African-American and Latino male CLC students through the Bridging the Gap program.
- Increasing awareness of college readiness expectations in Mathematics, English, Science, Information Literacy, and Technology by expanding outreach programs in Math and Earth Science as well as continuing to support college readiness initiatives that were implemented as a result of a 2010 AQIP project.
- Increasing the number of students who continue from GED, ESL and developmental courses to college-level courses by developing a Bridge to Careers program that will assist GED students or those that have repeated Math 101 in becoming basic algebra ready and language proficient, as well as developing the skills necessary to transition successfully to career programs or college level courses.

In addition to the projects mentioned above, several programs in the Business and Biological & Health Sciences Divisions plan to add courses and/or update curriculum in an effort to meet the goal of advancing student learning and success. All Social Sciences academic programs, except for Criminal Justice, will undergo academic program review during FY2011.

Strategic Goal 2: Maximize educational opportunities within the district.

The goal of maximizing educational opportunities within the district focuses on "enhancing, developing, and promoting college-wide offerings that will anticipate and meet needs of the district". There are eight objectives related to this goal. A few of the 31 planned projects related to this goal are highlighted below:

- In an effort to increase enrollment of recent high school graduates, Educational Talent Search will assist participants in completing applications for admission and financial aid. Athletics and Physical Activities plans to distribute a monthly newsletter to high school athletic directors to highlight athletic and academic success of current CLC students that graduated from area high schools.
- Enrollment services plans to focus on promoting and recruiting underrepresented male populations through a variety of means while the Office of Students with Disabilities plans to continue attending disability fairs and collaborating with transition and parent groups to increase the enrollment of the disabled population at CLC.
- Lakeshore and Southlake campuses will implement several projects in order to increase access to and availability of information, courses, programs, and services. For example, Southlake plans to: increase the availability of student services such as counseling, financial aid, and health center; increase the availability of weekend course offerings; and increase academic support services such as librarian coverage and tutoring. Lakeshore plans to disseminate information about its programs and student support availability through various methods.
- In order to help respond to marketplace demand for educational courses Biological and Health Sciences and Facilities have each planned projects related to the completion of a new science building on the Grayslake campus.
- Enrollment services will promote career program options to various markets using a variety of means.
- In an effort to integrate sustainability into the college curriculum, Engineering, Math and Physical Sciences (EMPS) plans to create degrees in Wind Energy Technology and Environmental Systems Technology.
- The Alumni Relations and Special Events department is planning several activities to increase Alumni Association membership and support in an effort to increase alumni monetary support for student scholarships. Athletics and Physical Activities plans on developing a database to reach out to former student athletes for the same purpose.
- The Assistant Vice President (AVP) for University Transfer plans to develop articulation agreements with faculty and deans in an effort to strengthen partnerships with the University Center.

Strategic Goal 3: Ensure institutional sustainability and stewardship of resources.

CLC strives to "efficiently manage and optimize its resources to ensure sustainable future growth and development". Five objectives and 36 projects were developed to help the college meet this goal.

- Institutional Effectiveness, Planning, and Research plans to implement the Zogo Tech data warehouse in order to facilitate easy access to key data and information for Executive staff, deans, and IEPR staff.
- Facilities plans to reduce electric and natural gas usage by 1% through upgrading the HVAC and lighting systems.
- The Workforce and Professional Development Institute has developed a plan to become financially self-sufficient by 2014.

- As part of the integrated planning effort, facilities will work with an architect and the
 college community to develop a College Master Plan. In addition, the Assistant Vice
 President for Workforce will create a Sustainability Plan to lead the efforts in reducing
 our environmental impact and incorporating sustainable practices throughout the college.
- The Assistant Director of Operations for Ed Affairs plans to introduce a room scheduling system (Schedule25) in order to improve space utilization on all CLC campuses.
- The College Foundation and Alumni Relations & Special Events are planning to increase social networking and implement several projects to increase external and non-traditional funding resources such as Vision 2012 and 2010 Scholarship Gala Fundraiser.

Strategic Goal 4: Promote diversity and global engagement as strengths within the College and Lake County community.

Under this goal, the College "will strive to build an inclusive community that recognizes, values, and respects people of all cultures and ways of life while cultivating social justice and global citizenship". Seventeen projects related to five objectives are planned under this goal.

- Financial Aid plans to increase diversity in scholarship recipients by targeted marketing toward African American, veteran, and other minority male students.
- Counseling, Advising and the Transfer Center plan to engage in special populations outreach through student organizations, events, and clubs such as Latino Alliance, men of Vision, Veteran's Club, and THRIVE.
- Alumni Relations & Special Events plans to highlight diversity among CLC alumni.
- Lakeshore Campus plans to disseminate information about CLC cultural events and diversity efforts to community groups and organizations within its service area.
- Workforce & Professional Development Institute plans to develop more opportunities to assist area businesses with becoming involved in international trade.

Strategic Goal 5: Enable a culture of innovation, excellence, and continuous improvement.

Through strategic goal 5, CLC hopes to "promote employee engagement to create and sustain a culture of high performance, intellectual growth, collaboration, and innovation that supports continuous improvement of academic programs and college processes". Forty-four projects have been planned under this goal related to its four objectives.

- In an effort to improve internal processes and ensure continuous quality improvement, the Counseling, Advising & the Transfer Center will assess the effectiveness of the advising process.
- Information Technology Services plans to build and maintain an infrastructure to track and monitor its services in order to increase satisfaction with technology.
- Facilities plans to institute a professional development program for supervisors to improve their skill level in using technology.
- IEPR is planning the FY2011 AQIP Projects and Team Leadership Forum, System Portfolio update, collection of Key Performance Indicators, and facilitation of several department reviews in relation to this goal.

• The CLC Police department is planning several projects, which includes the Comprehensive Safety and Security Plan to ensure the safety of faculty, staff, and students at the college.

Strategic Goal 6: Build the College's reputation as a premier educational institution.

The college's goal for building its reputation as a premier educational institution is to "be recognized at the community, state, and national levels for its academic quality, alumni achievement, and educational, economic, cultural, and arts leadership". Thirty-five projects are planned under four objectives for this goal.

- Public Relations will be working on CLC brand enhancement, one of the three AQIP projects for FY2011. Parts of this project include a website redesign and Marketing Promotion Plan.
- Communication Arts will conduct a guest artist series that will present guest artists from the visual arts that will provide student workshops and demonstrations as well as public presentations and exhibitions for the community.
- Admissions and Records is planning a project to increase visibility, improve customer service, increase enrollment, and better serve the needs of veteran and military students at the Great Lakes Naval Base.
- The AVP for University Transfer plans to maximize CLC and University Center partnerships and resources. This project includes working with UCLC to identify opportunities for collaboration in the areas of: increased articulation agreements with partner institutions, collaborative advertising and promotion, and resource sharing.
- The AVP for Workforce is planning a Sustainability Curriculum Development program in an effort to lead Illinois community colleges in the area of sustainability.

FINANCIAL INFORMATION

Internal Controls. The College administration is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the College are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to prepare financial statements conforming with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- The cost of control should not exceed the benefits likely to be derived; and
- The evaluation of cost and benefits requires management to formulate estimates and judgments.

Budget Controls. The College's annual budget is established following Illinois Statutes and the ICCB Uniform Accounting manual. The process begins with the establishment of goals and objectives incorporating input from all levels of the College and the community. Revenues then are projected to set the parameters for a balanced budget for the fiscal year, and a detailed financial plan, including ten-year projections, is presented to the Board of Trustees for its review. College departments then prepare budget requests, which are reviewed by the College's executive team, and the final budget document is submitted to the Board of Trustees for approval. The entire budget preparation process encourages input and involvement at all levels of the College.

The annual budget ensures that the College is in compliance with all legal provisions as defined by state statutes, and the budget is used to set the annual appropriated limits for expenditures approved by the Board of Trustees. The administration, with Board approval, makes transfers between various items if changes are necessary during the year. The level of budgetary control is established for each individual fund, and funds are categorized as follows:

Fund Types	Fund Groups	Fund		
Government Fund Types	General	Educational and Operations and Maintenance		
	Special Revenue	Audit Restricted Purpose Liability, Protection, and Settlement		
	Debt Service	Bond and Interest		
	Capital Project	Operations and Maintenance (Restricted)		
Proprietary Fund Types	Enterprise			
Fiduciary Fund Types	Nonexpendable Trust	Working Cash		

An encumbrance accounting system is used to maintain budgetary control. Expenditures are encumbered as they are incurred, and online financial reports indicate accurate budget balances throughout the year. The financial statements and schedules included in the financial section of this report indicate that the College meets its responsibility for sound financial management.

General Government Functions and Fund Balances. The funds considered to be "General Government" are the Education Fund and the Operation and Maintenance Fund. These are more commonly referred to as the general funds or operating funds. Revenues that are regularly reoccurring are from predominately three sources: local property taxes, state sources and tuition and fees. The largest contributor to revenue is local property taxes. The Revenue Resource Table illustrates the property tax levy rates and the total property tax revenue collected for a two-year comparison. The strength of the financial base is the county assessed value, which totaled approximately \$28.66 billion in 2009 for tax collections in 2010.

The College is subject to a tax cap (Illinois Public Act 89-1) that limits by formula the increase in taxes levied to the Consumer Price Index (CPI) or 5 percent, whichever is lower. The non-debt service tax rates will decline over time as the community grows due to increased assessed values while generating increased tax revenue to support the College. If assessed values stabilize or even decline, the tax rate will increase within the parameters of the tax cap law. The following table details the tax levy information.

Fund Type		2009	2008	2007	2006	2005	
Education	\$.132	.129	.128	.128	.128	
Operations and

and Settlement		.002	.003	.003	.003	.003	
Audit		.000	.000	.000	.000	.000	
Bond and Interest		.005	.006	.006	.007	.007	
Medicare		.000	.001	.001	.001	.001	
Plant: Operations and							
Maintenance		.000	.000	.000	.000	.000	
(Restricted)		.000	.000	.000	.000	.000	
Life Safety							
Other		.000	.000	.000	.000	.000	
T-4-1	d r	200	106	102	105	107	
Total	\$.200	<u>.196</u>	<u>.192</u>	<u>.195</u>	<u>.197</u>	

Assessed value of taxable property for 2009 was \$28.66 billion, a decrease of \$310 million from 2008, or 1.05% decrease.

The College's average collection rate, including collection of back taxes, over the past five years is approximately 99.72 percent.

(1) The maximum authorized tax rate is defined by state statute.

Revenue from tuition and fees has grown commensurate with enrollment and gradual increases in tuition rates. The tuition and fees charged in FY 2010 total \$95 per credit hour and will increase in FY 2011 to \$106 per credit hour.

Revenue from state sources has decreased, as a percentage of total revenue, due to a reduction in the state budget for community colleges. The College is aware of, and concerned about, an unstable source of income from the State of Illinois, and a reduced percentage increase in property taxes from a slower population growth (reduced new construction) and dropping EAV in Lake County.

Enterprise Operations. The College's enterprise operations consists of the auxiliary services fund which is used to account for the activities of the book store, food services, student activities, athletics, performing arts and workforce and professional development.

Debt Administration. The statutory debt limit based on the property tax assessed valuation totals \$832,824,369. The current indebtedness totals \$11,235,000 leaving a substantial margin for additional debt, as warranted by the previously described high assessed valuation and the current property taxes. Current indebtedness is due to four different outstanding series of bonds with varying maturity dates, with the last payment due in 2018. A working cash fund, with a current balance of \$17,663,493 was established through the sale of bonds and is available for periodic transfer to the various fund groups as needed for cash flow purposes. Loans are established during the fiscal year and repaid from revenues received.

Prospects for the Future. The College forecasts for revenues and expenditures have historically been an accurate representation using a mathematical model as a basis for the projections. Revenues from the three major sources as previously described will continue to meet all of the College general fund obligations. In the past year, the state of Illinois passed a capital bill for the first time in over five years. In this bill the college will receive state funding for two new buildings. The state will provide 75% of the costs and the college has agreed to pay the remaining 25 percent. The total funds received from the state were \$53.5 million and the college will contribute an additional \$17.8 million. The college is planning to issue bonds to cover their portion of the costs. The bonds will include a combination of non-referendum debt service and alternate revenue bonds. These two new buildings will allow the college to grow to meeting the expanding population needs of Lake County.

Cash Management. The College has an established policy that provides for the prudent, conservative, timely investment of excess funds. This policy, approved by the Board, follows the Illinois Community College Act (Chapter 110 of Illinois Compiled Statutes Act 805) and the Illinois Public Funds Investment Act (Chapter 30 of the Illinois compiled statutes Act 235). The Treasurer, as appointed by the Board of Trustees, is delegated the responsibility for managing college investments. Investments are predominately placed in certificates of deposit either insured or properly collateralized. Interest income for Fiscal Year 2010 totaled \$ 155,791 constituting a net rate of return of 0.51 percent.

General Fixed Assets. The notes to financial statements elaborate on the activity for the fiscal year and the status of fixed assets at June 30, 2010.

Risk Management. The typical College property and casualty losses are insured through a conventional insurance program providing coverage for these losses under policies such as worker's compensation, building and property insurance, tort liability, school leaders

professional liability and a \$20 million umbrella policy that provides excess insurance coverage to extend the basic limits of these policies. A special tax levy authorized by state statute allows the issuance of a property tax to pay for these risks excluding those with elements for property coverage. To minimize the risk of loss the College has a Campus Police Department on duty 24-hours, seven days per week, a Health Services Department and an active Safety Committee to review and make recommendations for improving and/or minimizing risk to property, employees and students.

OTHER INFORMATION

Independent Audit. The accounting firm of Crowe Horwath LLP has been engaged as the independent certified public accountant performing the state-required annual audit. The auditors' report on the basic financial statements and schedules is included in the financial section of this report.

AWARDS AND ACKNOWLEDGEMENTS

GFOA Certificate of Achievement. The GFOA awarded Certificates of Achievement for Excellence in Financial Reporting to the College of Lake County for its comprehensive annual financial reports for the fiscal years ended June 30, 2001 through 2009. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The comprehensive annual financial report presents the work of a variety of dedicated finance staff and other members of the college community. It could not have been completed without the considerable effort of the audit team from Crowe Horwath LLP applying their extensive professional experience as they work with community colleges throughout the State of Illinois and the nation. Credit must be given to the College Board of Trustees and its Executive Staff for providing the time and resources required for producing such an extensive report.

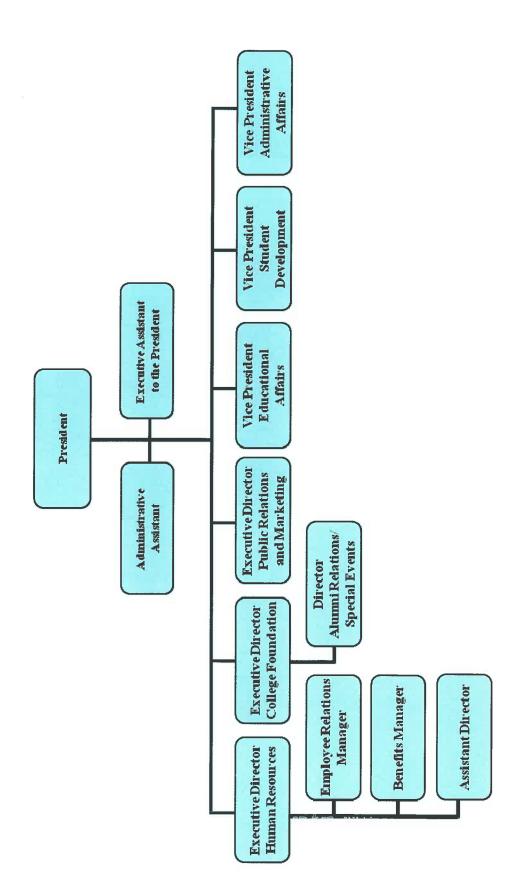

Respectfully,

David Agazzi

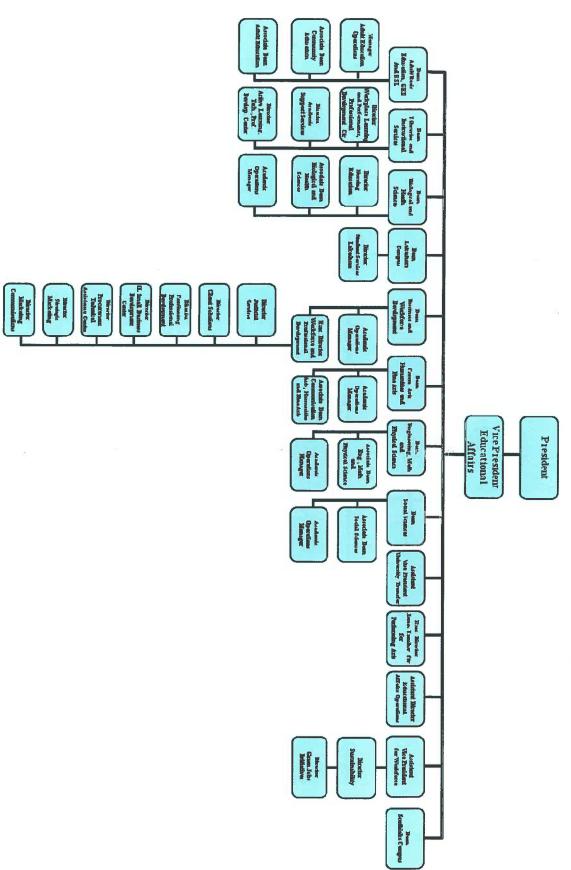

Vice President for Administrative Affairs

Certificate of Achievement for Excellence in Financial Reporting

Presented to

College of Lake County Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

INDEPENDENT AUDITORS' REPORT

The Board of Trustees
College of Lake County
Community College District No. 532

We have audited the accompanying basic financial statements of the College of Lake County, Community College District No. 532 (the College) and its discretely presented component unit, the College of Lake County Foundation, as of and for the years ended June 30, 2010 and 2009, as listed in the accompanying table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the College of Lake County Foundation were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the College of Lake County, Community College District No. 532, and its discretely presented component unit, the College of Lake County Foundation, as of June 30, 2010 and 2009, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated the same date as this report on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing results of our audit.

The Management's Discussion and Analysis and other required supplementary information as listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our 2010 audit was conducted for the purpose of forming opinions on the basic financial statements taken as a whole. The supplementary information included in schedules 1 through 6 is presented for purposes of additional analysis and is not a required part of the basic financial statements of the College. This information is required by the Illinois Community College Board and is presented on the modified accrual basis. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the 2010 basic financial statements taken as a whole.

The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such additional information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Crowe Horward LLP

Oak Brook, Illinois October 13, 2010

Management's Discussion and Analysis
June 30, 2010 and 2009
(Unaudited)

This section of the College of Lake County's (the College) Annual Financial Report presents management's discussion and analysis of the College's financial activity during the fiscal years ended June 30, 2010 and 2009. Since this management's discussion and analysis is designed to focus on current activities, resulting changes and currently known facts, please read it in conjunction with the College's basic financial statements and the footnotes. Responsibility for the completeness and fairness of this information rests with the College.

Using This Annual Report

The financial statements focus on the College as a whole. This presentation is designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the statements of net assets is designed to be similar to bottom line results for the College. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets. The statements of revenues, expenses, and changes in net assets focus on both the gross costs and the net costs of College activities which are supported mainly by property taxes and by state and other revenues. This approach is intended to summarize and simplify the user's analysis of the cost of various College services to the students and the public.

Financial Highlights Fiscal Year 2010

Total operating revenues were \$35,043,072 and total operating expenses were \$120,180,424 for the year ended June 30, 2010. The difference produced an operating loss of \$85,137,352.

Net nonoperating revenues of \$91,825,223 for the year ended June 30, 2010 offset the operating loss and resulted in an overall increase in net assets before state capital appropriations of \$6,687,871. Nonoperating revenues included local property taxes of \$57,133,098, state appropriations and replacement tax of \$21,237,260, federal grants and contracts of \$12,736,502, local grants and contracts of \$1,067,360 and net investment income of \$155,791; offset by interest expense of \$504,788.

Operating revenue accounted for 28% of the College's total revenue and nonoperating revenue accounted for 72% of the College's total revenue. Operating revenue consisted of tuition and fees, net of scholarships, totaling \$22,647,301, auxiliary enterprise revenues totaling \$11,067,046, and other operating revenues of \$1,328,725.

Total net assets increased from \$126,834,488 at the beginning of the year to \$133,522,359 at the end of the year.

Financial Highlights Fiscal Year 2009

Total operating revenues were \$33,452,962 and total operating expenses were \$108,874,141 for the year ended June 30, 2009. The difference produced an operating loss of \$75,421,179.

Net nonoperating revenues of \$78,903,035 for the year ended June 30, 2009 offset the operating loss and resulted in an overall increase in net assets before state capital appropriations of \$3,481,856. Nonoperating revenues included local property taxes of \$55,125,615, state appropriations and replacement tax of \$16,835,815, federal grants and contracts of \$5,716,530, local grants and contracts of \$1,138,575 and net investment income of \$679,593; offset by interest expense of \$593,093.

Management's Discussion and Analysis
June 30, 2010 and 2009
(Unaudited)

Operating revenue accounted for 30% of the College's total revenue and nonoperating revenue accounted for 70% of the College's total revenue. Operating revenue consisted of tuition and fees, net of scholarships, totaling \$20,992,696, auxiliary enterprise revenues totaling \$10,539,065, and other operating revenues of \$1,921,201.

Total net assets increased from \$123,352,632 at the beginning of the year to \$126,834,488 at the end of the year.

Overview of the Financial Statements

This financial report consists of four parts: management's discussion and analysis (this section), the basic financial statements, the notes to the basic financial statements, and required supplementary information.

The financial statements provide both long-term and short-term information about the College of Lake County's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

The College of Lake County's financial statements are prepared on an accrual basis in conformity with U.S. generally accepted accounting principles (GAAP) as applicable to government units. Under this basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the statements of revenues, expenses, and changes in net assets. All assets and liabilities associated with the operation of the College of Lake County are included in the statements of net assets.

The statement of net assets reports the College's assets, liabilities, and net assets. Net assets, the difference between the College of Lake County's assets and liabilities, are one way to measure the College's financial health or position. An increase in the College's net assets during the year is an indicator of the change in assets acquired less assets consumed.

Management's Discussion and Analysis
June 30, 2010 and 2009
(Unaudited)

Financial Analysis

Net Assets

The College's net assets at June 30, 2010, 2009, and 2008 were \$133.5 million, \$126.8 million, and \$123.3 million, respectively, an increase of \$6.7 million, \$3.5 million, and \$3.5 million, respectively. Total assets were \$243.3 million, \$236.7 million, and \$230.5 million, and total liabilities were \$109.8 million, \$109.9 million, and \$107.2 million at June 30, 2010, 2009, and 2008, respectively. The change in net assets is an indicator of whether the financial condition has improved or worsened during the year. Assets and liabilities are measured using current values with the exception of capital assets. Capital assets are stated as historical cost, reduced by depreciation. A summary of net assets at June 30, 2010, 2009, and 2008 is as follows:

Net Assets

June 30, (in thousands)

	_	2010	2009	2008
Current assets Restricted assets Other noncurrent assets Capital assets, net of depreciation	\$	115,446 123 28,478 99,229	106,187 208 28,101 102,199	98,958 98 28,057 103,408
Total assets	_	243,276	236,695	230,521
Current liabilities Long-term liabilities	-	69,136 40,617	68,727 41,134	64,817 42,351
Total liabilities	_	109,753	109,861	107,168
Net assets: Invested in capital assets, net of related debt Restricted Unrestricted	•	88,360 22,898 22,264	89,509 23,362 13,963	88,953 23,230 11,170
Total net assets	\$_	133,522	126,834	123,353

The College had a current ratio of 1.67, 1.55, and 1.53 times at June 30, 2010, 2009, and 2008, respectively. The current ratio is total current assets divided by total current liabilities. For example, at June 30, 2010, for every dollar of current liabilities, the College has \$1.67 in current assets. This ratio is one indicator of the College's ability to pay its debts as they become due.

Net assets invested in capital assets, net of related debt consists of capital assets net of accumulated depreciation and reduced by the amount of outstanding indebtedness attributable to the acquisition, construction, or improvement of those assets. The principal liabilities for capital assets are bonds which were used to construct and improve buildings.

Management's Discussion and Analysis

June 30, 2010 and 2009

(Unaudited)

Net Assets - Fiscal Year 2010 compared to 2009

Current assets have increased by \$9.3 million primarily due to an increase in cash and investments of \$11.4 million offset by a decrease of \$3.1 million in government claims receivable.

Capital assets decreased by \$3.0 million due to the fact that depreciation expense was greater than capital additions during the year.

Current liabilities increased by \$0.4 million due to increases in accrued expenses of \$0.9 million and deferred property tax revenue of \$0.7 million offset by a decrease in accounts payable of \$1.2 million.

Net Assets - Fiscal Year 2009 compared to 2008

Current assets have increased by \$7.2 million primarily due to increases in the following: \$1.8 million in property taxes receivable; \$3.4 million in cash and investments; \$1.5 million government claims receivable for the forth quarter ICCB credit hour and equalization grant, and \$1.0 million in other receivables.

Capital assets decreased by \$1.2 million due to the fact that depreciation expense was greater than capital additions during the year.

Current liabilities increased by \$3.9 million due to an increase in deferred property tax revenue of \$1.6 million and an increase in accounts payable of \$1.2 million.

Changes in Net Assets

The change in net assets, total revenues less total expenses, for the years ended June 30, 2010, 2009, and 2008 is as follows:

Changes in Net Assets

Years ended June 30, (in thousands)

	2010	2009	2008
Total revenues	\$ 127,373	112,949	105,385
Total expenses	120,685	109,467	101,842
Increase in net assets	\$ 6,688	3,482	3,543

June 30, 2010 and 2009

(Unaudited)

Revenues

Summaries of revenues for the years ended June 30, 2010, 2009, and 2008 are as follows:

Revenue Summary

Years ended June 30, (in thousands)

	2010	2009	2008
Operating:			
Student tuition and fees, net \$	22,647	20,993	19,616
Auxiliary enterprise	11,067	10,539	10,081
Other operations	1,329	1,921	1,728
Total operating revenues	35,043	33,453	31,425
Nonoperating:		_	
Local property taxes	57,133	55,126	52,163
Personal property replacement taxes	955	1,181	1,350
State appropriations	20,282	15,655	13,807
Federal and local grants and contracts	13,804	6,855	5,181
Investment income, net	156	679	1,246
Total nonoperating revenues	92,330	79,496	73,747
State capital appropriations			213
Total revenues \$	127,373	112,949	105,385

Revenues - Fiscal Year 2010 Compared to 2009

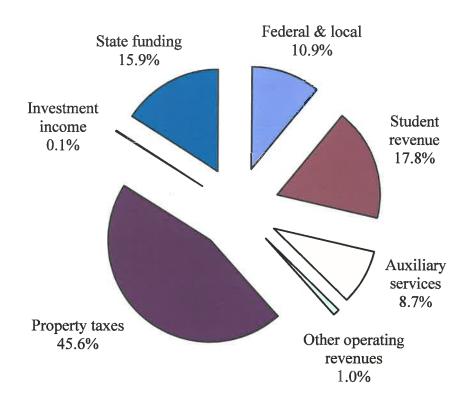

Operating revenue increased by \$2.0 million, which primarily reflects an increase in net student tuition and fees of \$1.7 million and an increase in auxiliary revenue of \$0.5 million. The increase in net tuition and fees was due to increased enrollment.

Nonoperating revenue increased by \$12.8 million primarily due to increases in local property taxes of \$2.0 million, state appropriations of \$4.6 million, and federal grants of \$6.9 million. The increase in property tax revenues reflects the combination of the CPI and the assessed value of new construction. The College is subject to a tax cap (Illinois Public Act 89-1) that limits by formula the increase in taxes levied to the Consumer Price Index (CPI) or 5%, whichever is lower. The increase in state appropriations was mainly due to an increase in the State Universities Retirement System of Illinois (SURS) contribution made by the state. The increase in federal and local grants was due to increased federal student loans.

Management's Discussion and Analysis
June 30, 2010 and 2009
(Unaudited)

The pie chart shows all revenue from both operating and nonoperating sources. State funding in the pie chart and above includes both capital and noncapital appropriations. The chart shows that property taxes accounted for the largest percentage of the College's revenue at 45.6%. The next highest source was net student tuition and fees at 17.8%. State funding accounted for 15.9% of the College's revenue.

College of Lake County Revenues Year ended June 30, 2010

8

Management's Discussion and Analysis

June 30, 2010 and 2009

(Unaudited)

Revenues - Fiscal Year 2009 Compared to 2008

Operating revenue increased by \$2.0 million, which primarily reflects an increase in net student tuition and fees of \$1.4 million and an increase in auxiliary revenue of \$0.4 million. The increase in net tuition and fees was due to an increase in enrollment accompanied by a \$5.00 per credit hour increase in tuition.

Nonoperating revenue increased by \$5.8 million primarily due to increases in local property taxes of \$3.0 million, state appropriations of \$1.8 million, and federal grants of \$1.7 million. The increase in property tax revenues reflects the combination of the CPI and the assessed value of new construction. The College is subject to a tax cap (Illinois Public Act 89-1) that limits by formula the increase in taxes levied to the Consumer Price Index (CPI) or 5%, whichever is lower. The increase in state appropriations was mainly due to an increase in the State Universities Retirement System of Illinois (SURS) contribution made by the state.

Expenses

Summaries of expenses for the years ended June 30, 2010, 2009, and 2008 are as follows:

Expenses Years ended June 30, (in thousands)

	 2010	2009	2008
Instruction	\$ 46,853	40,662	37,675
Academic support	5,507	5,419	4,942
Student services	7,862	7,416	6,345
Public service	6,426	7,128	5,808
Institutional support	21,549	22,160	21,005
Operations and maintenance of plant	9,558	9,215	8,785
Financial aid	7,350	2,478	1,946
Depreciation	4,151	4,393	4,254
Auxiliary enterprises	10,924	10,003	10,236
Interest expense	 505	593	846
Total	\$ 120,685	109,467	101,842

Expenses - Fiscal Year 2010 Compared to 2009

Expenses increased by \$11.2 million. The increase in instruction costs, student services, and public services, is due primarily to the annual increase in employee salaries and benefits, including state SURS benefits. The increase in financial aid expenses is due to increased student scholarships.

Management's Discussion and Analysis

June 30, 2010 and 2009

(Unaudited)

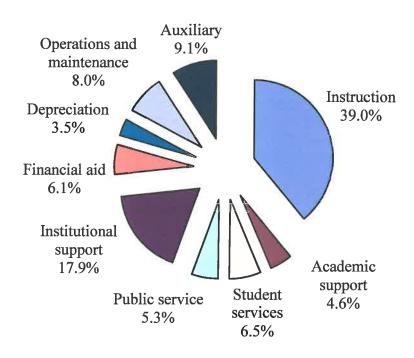

Expenses - Fiscal Year 2009 Compared to 2008

Expenses increased by \$7.6 million. The increase in instruction costs, student services, and public services, is due primarily to the annual increase in employee salaries and benefits, including state SURS benefits. The increase in financial aid expenses is due to increased student scholarships.

Operating Expenses

The pie chart shows the operating expenses as a percentage of total operating expenses. Direct services to students accounted for 70.6% of total operating expenses. Direct services to students include instruction at 39.0%, academic support at 4.6%, student services at 6.5%, public service at 5.3%, financial aid at 6.1%, and auxiliary enterprises at 9.1%. Indirect services to students accounted for 29.4% of total expenses. Indirect services to students include operations and maintenance at 8.0%, institutional support at 17.9%, and depreciation at 3.5%.

More detailed information on capital asset activity can be found in Note 3 to the basic financial statements on pages 26 through 27. More detailed information on long-term debt activity can be found in Note 5 to the basic financial statements on pages 30 through 32.

Construction Projects

The College does not have any major construction projects scheduled at the end of the fiscal year.

Debt Payments

For the years ended June 30, 2010 and 2009, the College paid \$2,230,000 and \$2,140,000, respectively, in principal on bonds and certificates of indebtedness.

The College did not issue any new debt in either fiscal year 2010 or 2009.

Notes to Basic Financial Statements June 30, 2010 and 2009

(1) Organization and Summary of Significant Accounting Policies

(a) Organization

College of Lake County, Community College District No. 532 (the College), established in 1969 under the Illinois Public Community College Act provides postsecondary educational and training for individuals within District 532. The board of trustees is elected by the residents of the District, and is responsible for establishing the policies and procedures by which the College is governed.

(b) Reporting Entity

The accompanying financial statements include all accounts and transactions of the College and its discretely presented component unit, the College of Lake County Foundation (the Foundation).

The primary criterion for including a potential component unit within the reporting entity under Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, is the financial accountability that the elected officials of the primary government have for the component unit. The criteria used in assessing financial accountability consist of (1) the primary government is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government; and (2) the primary government may be financially accountable if the organization is fiscally dependent. Based on these criteria, the College is not financially accountable for any other organizations.

Additionally, GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, amends Statement No. 14, The Financial Reporting Entity, to provide guidance to determine whether certain organizations for which the College is not financially accountable should be reported as component units based on the nature and significance of their relationship with the College. Generally, it requires reporting as a component unit, an organization that raises and holds significant economic resources for the direct benefit of a governmental unit. The Foundation is a legally separate, tax-exempt component unit of the College. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The 39-member board of the Foundation is self-perpetuating and consists of graduates and friends of the College. Although the College does not control the timing or the amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used for the benefit of the students of the College, the Foundation is considered a component unit of the College. The Foundation is reported in separate financial statements because of the differences in its reporting model, as further described below.

The Foundation is a private, not-for-profit organization that reports its financial results under Financial Accounting Standard Board (FASB) Statements. Most significant to the Foundation's operations and reporting model are FASB Statement No. 116, Accounting for Contributions Received and Contributions Made, and FASB Statement No. 117, Financial Reporting for Not-for-Profit Organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for

Notes to Basic Financial Statements June 30, 2010 and 2009

these differences; however, significant note disclosures (see note 1(q)) to the Foundation's financial statements have been incorporated into the College's notes to the financial statements.

Financial statements for the Foundation can be obtained by calling the Foundation at 847-543-2640.

(c) Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-entity transactions have been eliminated.

Nonexchange transactions, in which the College receives value without directly giving equal value in return, includes property taxes; federal, state, and local grants; state appropriations, and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations, and other contributions are recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the College must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

The College has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The College has elected not to apply FASB pronouncements issued after the applicable date.

(d) Cash and Cash Equivalents

Cash includes petty cash on hand and deposits in the College's bank accounts. The College considers any highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

(e) Investments

Investments are reported at fair value, based upon quoted market prices. Change in the carrying value of investments resulting in unrealized gains or losses are reported as a component of investment income in the statement of revenues, expenses, and changes in net assets.

The Illinois School District Liquid Asset Fund Plus is an external investment pool administered by the Illinois Association of School Administrator. The fair value of the College's investment in the fund is the same as the value of the pool shares. Although not subject to direct regulatory oversight, the fund is administered in accordance with the provisions of the Illinois Public Investment Act, 30 ILCS 235.

(f) Inventories

Inventories are reported at the lower of cost or market on the FIFO (first-in, first-out) basis. Inventories represent items held for resale by the College's auxiliary enterprises.

Notes to Basic Financial Statements
June 30, 2010 and 2009

(g) Restricted Cash

Cash that is externally restricted to make debt service payments, or to purchase or construct capital or other noncurrent assets, is classified as noncurrent assets in the statements of net assets.

(h) Capital Assets

Capital assets are reported at cost at the date of acquisition or their estimated fair value at the date of donation. For movable property, the College's capitalization policy includes all items with a unit cost of \$2,500 or more, or computer assets with a unit cost of \$500 or more, and an estimated useful life greater than one year. Renovations to buildings and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Capital assets are depreciated using the straight-line method over the estimated useful life of the assets, generally 25 to 50 years for buildings, 15 to 25 years for depreciable land improvements, 3 years for computer equipment, and 5 to 20 years for all other equipment.

For the year ended June 30, 2010, the College implemented GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets. It defines an intangible asset's required characteristics, and generally requires that they be treated as capital assets. Implementation of this statement did not have a material affect on the College therefore prior periods were not required to be restated. The College follows the same capitalization policy and estimated useful life for its intangible asset as it does for its equipment capital assets. The College will also amortize intangible assets utilizing the straight-line method. As of June 30, 2010, the College has no intangible assets.

(i) Premiums, Discounts, and Issuance Costs

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the sum of the bonds outstanding method, which approximates the effective interest method. Long-term obligations (general obligation bonds) are reported net of the applicable bond premium and discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

(j) Unearned Revenues

Deferred revenues include (1) tax levy passed that is legally restricted for fiscal years 2010 and 2009 (2) amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal years that are related to the subsequent accounting period, (3) amounts received from grant and contract sponsors that have not yet been earned, and (4) building rentals received in advance.

(k) Noncurrent Liabilities

Noncurrent liabilities include (1) principal amounts of bond obligations with maturities greater than one year, (2) deferred revenue for property taxes, and (3) building rentals received in advance.

Notes to Basic Financial Statements
June 30, 2010 and 2009

(1) Net Assets

The College's net assets are classified as follows:

(1) Invested in Capital Assets, Net of Related Debt

This represents the College's total investment in capital assets, net of accumulated depreciation and reduced by outstanding debt obligations related to acquisition, construction, or improvement of those capital assets.

(2) Restricted Net Assets

Restricted net assets include resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both restricted and unrestricted resources are available for use, it is generally the College's policy to use restricted resources first, then unrestricted resources when they are needed.

(3) Unrestricted Net Assets

Unrestricted net assets represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

(m) Classification of Revenues

The College classifies its revenues as either operating or nonoperating in the statements of revenues, expenses, and changes in net assets according to the following criteria:

(1) Operating Revenue

Operating revenue includes activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, and (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances.

(2) Nonoperating Revenue

Nonoperating revenue includes activities that have the characteristics of nonexchange transactions, such as (1) local property taxes, (2) state appropriations, (3) most federal, state, and local grants and contracts and federal appropriations, and (4) gifts and contributions, and investment income.

Notes to Basic Financial Statements
June 30, 2010 and 2009

(n) Classification of Expenses

The College classifies all expenses as operating in the statements of revenues, expenses, and changes in net assets, except for interest expense and losses on disposal of capital assets which are classified as nonoperating.

(o) Property Taxes

The College's property taxes are levied each calendar year on all taxable real property located in the College's district. Property taxes are collected by the County Collector and are submitted to the County Treasurer, who remits to the entities their respective share of the collections. Taxes levied in one year become due and payable in two installments on June 1 and September 1 of the following year. Taxes must be levied by the fourth Tuesday in December of the levy year. The levy becomes an enforceable lien against the property as of January 1 of the levy year.

In accordance with the College Board resolution, 50% of the property taxes extended for the 2009 tax year are recorded as revenue in the fiscal year ended June 30, 2010. The remaining revenue related to the 2009 tax year extension has been deferred and will be recorded as revenue in fiscal year 2011. Based upon collection histories, the College records real property taxes at 100% of the extended levy.

(p) Eliminating Interfund Activity

Activities between the College and its auxiliary enterprise are eliminated for purposes of preparing the statements of revenues, expenses and changes in net assets, and the statements of net assets.

(q) Component Unit

The Foundation maintains its accounts in accordance with the principles and practices of fund accounting. However, for financial statement reporting the Foundation reports activities based on the existence of restrictions placed on the resources as specified by donors. Accordingly, net assets and changes therein are classified as follows:

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Items that affect this net asset category include gifts wherein donors stipulate that the corpus be held in perpetuity (primarily gifts for endowment) and only the income be made available for program purposes or general operations.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that will be met by either by actions of the Foundation or the passage of time. Items that affect this net asset category are restricted contributions, including pledges, for which restrictions have not been met.

Unrestricted – Net assets not subject to donor-imposed restrictions.

Support and revenue are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or law. Expiration of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been

Notes to Basic Financial Statements June 30, 2010 and 2009

fulfilled and/or the stipulated time period has elapsed) is reported as reclassifications between applicable classes of net assets.

Investments are reported at fair value. The fair value of investments is provided by the investment custodians and is based on quoted market price.

(r) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during that reporting period. Actual results could differ from those estimates.

(s) New Accounting Pronouncements

For the year ended June 30, 2010, the College implemented GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments. Implementation of this statement did not have a material affect on the College.

(t) Reclassifications

Certain amounts from the prior year have been reclassified to conform to the current year presentation. The reclassifications had no affect on change in net assets or total net assets.

Notes to Basic Financial Statements June 30, 2010 and 2009

(2) Deposits and Investments

As of June 30, 2010 and 2009, the College had the following investments and maturities:

		2010	2009
	Maturity	Fair value	Fair value
Deposits:			
Cash accounts		\$ 27,675,900	20,597,160
Certificates of deposit		20,330,778	17,565,797
Total deposits		48,006,678	38,162,957
Investments:			2
Repurchase agreements	Less than 1 year	2,000,000	2,000,000
Money markets and savings accounts	Less than 1 year	552,077	10,762
Restricted accounts:			
Money market accounts	Less than 1 year	122,626	207,613
The Illinois Funds	Less than 1 year	566,051	<u></u>
ISDLAF Plus	Less than 1 year	494,804	
Total investments		3,735,558	2,218,375
Total cash deposits and investments		\$ 51,742,236	40,381,332
Current assets:			
Cash		\$ 27,675,900	20,597,160
Investments		23,943,710	19,576,559
Noncurrent assets:			
Restricted cash and cash equivalents		122,626	207,613
Total cash deposits and investments		\$ 51,742,236	40,381,332

Interest Rate Risk. Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The College's investment policy does not limit the maturities of investments as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that the College will not recover its investments due to the ability of the counterparty to fulfill its obligation. Illinois statutes authorize the College to invest in obligations of the U.S. Treasury and U.S. Agencies, interest-bearing savings accounts, interest-bearing time deposits, money market mutual funds registered under the Investment Company Act of 1940 (limited to U.S. Government obligations), shares issued by savings and loan associations (provided the investments are insured by the Federal Savings and Loan Insurance Corporation (FSLIC)), short-term discount obligations issued by the Federal National Mortgage Association, share accounts of certain credit unions, investments in the Illinois School District Liquid Asset Fund, and certain repurchase agreements.

The College is also authorized to invest in short-term obligations of corporations organized in the United States with assets exceeding \$500,000,000 if such obligations are rated at the time of purchase within the three highest classifications established by two or more standard rating services, the obligations mature within 180 days, no more than 1/3 of the total average balances from all funds available at the end of each month is invested in such obligations at any time and such purchases do not exceed 10% of a corporation's

Notes to Basic Financial Statements
June 30, 2010 and 2009

outstanding obligations. Investments may be made only in banks, which are insured by the Federal Deposit Insurance Corporation (FDIC).

The College's investment policy does not further limit its investment choices. The College's investments in the Illinois School District Liquid Asset Fund, money markets, repurchase agreements, and Federal National Mortgage Association notes were rated AAA by Standard & Poor's.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in any one single issuer. The College's investment policy does not limit the amount the College may invest in any one issuer. The College is considered to have a concentration of credit risk if its investment in any one single issue is greater than 5% of the total fixed income investments. At June 30, 2010 and 2009, the College did not have a concentration of credit risk.

(3) Capital Assets

Capital asset activity for the year ended June 30, 2010 was as follows:

	Balance June 30, 2009	_Additions_	Deletions	Balance June 30, 2010
Capital assets not being depreciated:				
Land	\$ 7,232,934			7,232,934

Total accrued expenses	\$ 4,743,518	3,874,976

Notes to Basic Financial Statements June 30, 2010 and 2009

(5) Long-term Debt

The College has the following outstanding bonds payable as of June 30, 2009 and 2008:

General Obligation Bonds, Series 1998A, Alternate Revenue Source, at varying interest rates between 3.90% and 4.90% per annum depending on the date of serial maturity through 2009. The bonds are full faith and credit general obligations of the College payable both as to principal and interest from funds of the District lawfully available for payments, and ad valorem taxes levied against all taxable property therein without limitation as to rate or amount. The original liability upon issuance was \$2,300,000. The principal balance at June 30, 2010 and 2009 was \$0 and \$320,000, respectively.

Capital Appreciation Limited Tax Bonds, Series 1998B, as deep discount bonds which will appreciate in principal amount, based on the semiannual compounding of the original principal amount at varying interest rates between 4.25% and 4.90%. The accretion will result in each bond appreciating to \$5,000 on the date of maturity. The compound accreted value of the bonds will be payable annually on December 1 of each of the years 2003 through 2010. The bonds are full faith and credit obligations of the College payable from funds of the District lawfully available for payments, and ad valorem taxes levied against all taxable property therein without limitation as to rate or amount. The original liability upon issuance, including future discount accretion, was \$5,545,000. The remaining liability at June 30, 2010 and 2009, including future discount accretion, was \$1,000,000 and \$2,010,000, respectively. The carrying amount at June 30, 2010 and 2009, including discount accretion through that date, was \$980,267 and \$1,924,873, respectively.

General Obligation Limited Tax Funding Bonds, Series 2002A, at varying interest rates between 3.40% and 4.80% per annum depending on the date of serial maturity through 2014. The bonds are full faith and credit general obligations of the College payable both as to principal and interest from funds of the District lawfully available for payments, and ad valorem taxes levied against all taxable property therein without limitation as to rate or amount. The original liability upon issuance was \$4,250,000. The principal balance at June 30, 2010 and 2009 was \$2,500,000 and \$2,710,000, respectively.

General Obligation Limited Tax Debt Certificates, Series 2003A, at varying interest rates between 1.40% and 4.25% per annum depending on the date of serial maturity through December 1, 2017. The certificates are general obligations of the District both as to principal and interest from the funds of the District lawfully available for payments. The original liability upon issuance was \$3,385,000. The principal balance at June 30, 2010 and 2009 was \$2,235,000 and \$2,475,000, respectively.

General Obligation Limited Tax Funding Bonds, Series 2005 with a yield of 3.55% to 3.95% depending on the date of serial maturity through 2018. The bonds are full faith and credit general obligations of the College payable both as to principal and interest from funds of the District lawfully available for payments, and ad valorem taxes levied against all taxable property therein without limitation as to rate or amount. The original liability upon issuance was \$4,500,000. They received a premium of \$243,230 and paid issue costs of \$51,155. The principal balance at June 30, 2010 and 2009 was \$4,500,000.

Notes to Basic Financial Statements June 30, 2010 and 2009

General Obligation Limited Tax Debt Certificates, Series 2006, at an interest rate of 3.62% per annum through November 1, 2011. The certificates are general obligations of the District both as to principal and interest from the funds of the District lawfully available for payments. The original liability upon issuance was \$2,200,000. The principal balance at June 30, 2010 and 2009 was \$1,000,000 and \$1,450,000, respectively.

Changes in long-term obligations during the year ended June 30, 2010 were as follows:

		Balance June 30, 2009	Additions	Deletions	Balance June 30, 2010	Amounts due within one year
General obligation bonds:	-					
Par	\$	13,465,000	a	2,230,000	11,235,000	1,800,000
Premium		133,535		21,939	111,596	,
Discount on capital						
appreciation bonds	_	(85,127)		(65,393)	(19,734)	S == 10
Total general						
obligation bonds, net	_	13,513,408	<u> </u>	2,186,546	11,326,862	1,800,000
Total long term debt, net	\$_	13,513,408		2,186,546	11,326,862	1,800,000

The difference between the June 30, 2010 balance above, the June 30, 2009 balance below and the amount on the Statement of Net Assets is caused by the OPEB liability described in note 9.

Changes in long-term obligations during the year ended June 30, 2009 were as follows:

Balance June 30, 2008	Additions	Deletions	Balance June 30, 2009	Amounts due within one year
\$ 15,605,000	-	2,140,000	13,465,000	2,230,000

(193,504)		(108,377)	(85,127)	
\$ 15,566,970		2,053,562	13,513,408	2,230,000
	June 30, 2008 \$ 15,605,000 155,474	June 30, 2008 Additions \$ 15,605,000 155,474 — (193,504) —	June 30, Additions Deletions \$ 15,605,000 — 2,140,000 155,474 — 21,939 (193,504) — (108,377)	June 30, 2008 Additions Deletions June 30, 2009 \$ 15,605,000 155,474 — 2,140,000 21,939 133,535 — 21,939 133,535 (193,504) — (108,377) (85,127)

Notes to Basic Financial Statements June 30, 2010 and 2009

The following is a schedule of the future debt service payments for bonds payable as of June 30, 2010.

	_	Principal	Interest	Total
Year ending June 30:				
2011	\$	1,800,000	423,241	2,223,241
2012		1,865,000	370,046	2,235,046
2013		1,400,000	299,814	1,699,814
2014		1,275,000	236,774	1,511,774
2015		1,160,000	175,810	1,335,810
2016		1,200,000	123,789	1,323,789
2017		1,245,000	76,491	1,321,491
2018	_	1,290,000	25,957	1,315,957
	\$ _	11,235,000	1,731,922	12,966,922

The principal column in the above schedule reflects accretion of discount on Capital Appreciation bonds through date of maturity.

(6) Pension Plan

Plan Description – The College contributes to the State Universities Retirement System of Illinois (SURS). SURS is a cost-sharing multiple employer defined pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations, certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org, or by calling 1-800-275-7877.

Funding Policy – Plan members are required to contribute 8.0% of their annual covered salary and substantially all employer contributions are made by the State of Illinois on behalf of the individual employers at an actuarially determined rate. The current rate (for FY 2011) is 21.27% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly. The employer contributions to SURS directly appropriated by the State for the years ending June 30, 2010, 2009, and 2008 were \$9,940,847, \$6,080,848, and \$4,676,712, respectively, equal to the required contributions for each year.

The College recognizes the amount appropriated by the state as additional state appropriations (nonoperating) revenue and also recognizes corresponding expense. While the majority of the employer contribution is made by the state, employer contributions for some positions that are not state funded are the responsibility of the employer. The College contributed \$76,824, \$72,126, and \$85,540, for the years ended June 30, 2010, 2009, and 2008, respectively.

Notes to Basic Financial Statements
June 30, 2010 and 2009

(7) Compensated Absences (Vacation and Sick Leave)

In the event of job termination, an employee is reimbursed for an accumulated maximum number of vacation days, which ranges from 40 to 52 days, depending on the classification of the employee. Vacation days earned in one vacation year may not be carried forward beyond the end of the following year. Therefore, the entire accrued vacation liability on the statement of net assets is considered a current liability. Employees may accumulate unused sick leave subject to certain limits, and receive additional service credit under the State Retirement System (SURS) as discussed in Note 6.

Changes in the accrued compensated absences liability were as follows:

	2010	2009
Accrued Compensated Absenses - beginning of year	\$ 1,514,159	1,225,393
Compensated absences incurred - during year	1,608,021	1,514,159
Compensated Absenses used – during year	(1,514,159)	(1,225,393)
Accrued Compensated Absenses - end of year	\$ _1,608,021	1,514,159
Amounts due within one year	\$ 1,608,021	1,514,159

(8) Contingent Liabilities

The College's legal advisor estimates that potential claims not covered by insurance would not materially affect the financial statements or is unable to estimate the effect on the financial statements.

(9) Postretirement Health Care Benefits

Plan Description – In addition to the pension benefits described in Note 6, the College provides postretirement healthcare benefits (OPEB) to retired employees through a single-employer defined benefit plan (the Plan). The benefits, benefit levels, employee contributions, and employer contributions are governed by the College and can be amended by the College through its personnel manual and union contracts. The Plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the Plan. The Plan does not issue a separate report.

Benefits Provided – The College provides pre and post Medicare post-retirement health insurance to retirees. To be eligible for benefits, the employee must qualify for retirement under the State University Retirement System. The retirees pay the blended premium. Upon a retiree becoming eligible for Medicare, the amount payable under the College's health plan will be reduced by the amount payable under Medicare for those expenses that are covered under both.

Funding Policy – The College is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

Annual OPEB Cost and Net OPEB Obligation – The College's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC). The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funded excess) over a period not to exceed 30 years. The following table

Notes to Basic Financial Statements June 30, 2010 and 2009

shows the College's annual OPEB cost for the current year, the amount actually contributed to the plan, and changes in the College's net OPEB obligation for the postemployment healthcare benefits:

	<u>2010</u>	<u>2009</u>
Annual required contribution	\$ 1,604,895	1,535,624
Interest on the net OPEB obligation	44,891	-
Adjustment to annual required contribution	(58,405)	
Annual OPEB cost (expense)	1,591,381	1,535,624
Contributions made	713,182	637,797
Increase in net OPEB obligation	878,199	897,827
Net OPEB obligation, beginning of year	897,827	
Net OPEB	\$ 1,776,026	897,827

The College's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2010 were as follows:

For the fiscal year ended June 30, 2010	
Annual OPEB Cost	\$ 1,591,381
Percentage of Annual OPEB Cost Contributed	44.8%
Net OPEB Obligation	\$ 1,776,026

Funding Status – As of July 1, 2009, the actuarial accrued liability for benefits was \$13,560,889, all of which was unfunded. The covered payroll (annual payroll of active employees covered under the plan) was \$37,481,179 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 36 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2009 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 10.0% initial healthcare cost trend rate reduced to an ultimate healthcare inflation rate of 5.0%. The actuarial value of assets was not determined as the College has not advance funded its

Notes to Basic Financial Statements June 30, 2010 and 2009

(10) Risk Management

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The College carried commercial insurance coverage related to these potential risks and believes coverages are adequate to cover such risks. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(11) Self Insurance

The College maintains a self-insured plan to cover health and dental benefits and workers' compensation for its employees through third-party administrators. Claims, expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. At June 30, 2010 and 2009, the amount of these liabilities was \$535,000. This liability is the College's best estimate based on available information and is expected to be paid within the next fiscal year. Changes in the College's liability for employee health claims for the years ended June 30, 2010 and 2009 are as follows:

2010

2000

	_	2010	2009
Claims payable - beginning of year	\$	535,000	535,000
Claims and other expenses incurred – during year		6,783,533	5,086,183
Claims paid – during year		(6,783,533)	(5,086,183)
Claims payable – end of year	\$ _	535,000	535,000

(12) Operating Lease Commitments

The College leases a building on its Grayslake campus to an agency of the State of Illinois and an agency of the County. The State lease is in a renewal term of four years which expires November 30, 2012. The lease with the County agency has a four year term which expires October 31, 2012. The book value of the leased building at June 30, 2010 and 2009 is \$2,117,475 and \$2,173,035, respectively.

The College purchased a building in Waukegan, Illinois to house the University Center, an Illinois not-for-profit corporation. The University Center rents approximately 30% of the building in perpetuity for \$1,000,000, which was prepaid in full. The University Center has the right of first refusal to additional space as it becomes available and will pay current market rates for any additional space leased. The College is amortizing the prepayment to income over the term of the lease (estimated to be 50 years). Lease income recognized during each of the years ended June 30, 2010 and 2009 was \$20,000. Deferred revenue related to the lease was \$880,000 and \$900,000 at June 30, 2010 and 2009, respectively. The College also leases space in this building to the County of Lake. The lease is for a five year term which expires June 30, 2014. The monthly lease rental is adjusted annually based on the consumer price index.

The following schedule lists, by year, the future minimum rental due to the College under the various leases at June 30, 2010:

Notes to Basic Financial Statements June 30, 2010 and 2009

The following schedule lists, by year, the future minimum rental due to the College under the various leases at June 30, 2010:

Year ending June 30:	2011	\$	457,004
	2012		465,406
	2013		286,977
	2014	_	167,160
	Total	\$ 1	1,376,546

(13) Expenses by Natural Classification

Expenses are reported in the statements of revenues, expenses, and changes in net assets by functional classification. The College's operating expenses by natural classification for the years ended June 30, 2010 and 2009 are as follows:

	_	2010	2009
Natural classification of total expenses:	_		
Salaries	\$	58,162,606	54,228,360
Benefits		22,920,728	18,737,175
Contractual services		7,075,113	7,732,370
Materials and supplies		12,145,372	11,623,703
Travel and meetings		820,554	1,042,591
Fixed charges		1,783,496	1,736,437
Utilities		3,317,603	3,307,335
Interest		504,788	593,093
Depreciation		4,151,105	4,393,484
Other	_	9,803,847	6,072,686
Total expenses	\$ _	120,685,212	109,467,234

The total above differs from the Statement of Activities operating expenses amount by the amount of interest expense which is classified as nonoperating.

Levy	2009	2008	2007	2006	2005	2004	2003	2002	2001	2000
Fiscal year ended June 30,	2010	2009	2008	2007	2006	2005	2004	2003	2002	2001

Lake County assesses property at approximately 33 1/3% of actual value. Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per \$100 of assessed value. Note:

Property taxes are levied each calendar year on all taxable real property in the College's district. Taxes levied in one year become due and payable in two installments on June 1 and September 1 during the following levy year. Taxes must be levied by the fourth Tuesday in December for the following year. The levy becomes an enforceable lien against the property as of January 1 immediately following the levy year. Note:

Overlapping rates are presented for years where information is readily available.

Overlapping rates are those of local and county governments that apply to property owners within the College's District. Not all overlapping rates apply to all property owners.

Annual property tax extensions may only be increased by a percentage based on the consumer price index and new construction within the District. Increases above that amount require passage of a referendum by a majority vote of District residents.

⁽a) Pledged Revenues consist of lease payments received by the College from the lease of the Series 1998A Project (rented to an agency of the State of Illinois). Although these rents are sufficient to pay the debt service, net bookstore revenues are pledged to the extent needed to provide the 1.25 coverage rate (Fiscal years 2001-2008).

⁽b) Pledged Revenues consisted of the revenues of the College's operations, building and maintenance fund (O&M Fund). Only the revenues from this fund needed to provide the 1.25 coverage rate are reflected in this table. Bond repaid in full at June 30, 2005.

INDEPENDENT AUDITORS' REPORT

The Board of Trustees
College of Lake County
Community College District No. 532

We have audited the accompanying balance sheets of the College of Lake County, Community College District No. 532 (the College) Workforce Development (Business/Industry), State Adult Education (State Basic, Public Assistance, and State Performance), and Career and Technical Education – Program Improvement Grants and Tech Prep Support Grants (Grant Programs), as of June 30, 2010, and the related statements of revenues, expenditures, and changes in fund balances for the year then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements presented are only for the Grant Programs and do not purport to, and do not, present fairly the financial position or results of operations of the College.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the College's Workforce Development (Business/Industry), State Adult Education (State Basic, Public Assistance, and State Performance), and Career and Technical Education – Program Improvement Grants and Tech Prep Support Grants as of June 30, 2010, and the revenues, expenditures, and changes in fund balances for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated the same date as this report on our consideration of the College's internal control over financial reporting of the Grant Programs and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was made for the purpose of forming opinions on the financial statements taken as **a** whole for each of the grant programs referred to in the first paragraph. The supplementary information included on pages 67 and 70 is presented for purposes of additional analysis and are not a required part of the financial statements of the Workforce Development (Business/Industry), and State Adult Education (State Basic, Public Assistance, and State Performance) Grant programs. The supplementary information has been subjected to the auditing procedures applied in the audits of the financial statements and, in our opinion, is fairly stated in all material respects, in relation to the financial statements of the Workforce Development (Business/Industry), and State Adult Education (State Basic, Public Assistance, and State Performance) Grant programs taken as a whole.

This report is intended solely for the information and use of the board of trustees, management, and the Illinois Community College Board and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF GRANT PROGRAM FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
College of Lake County
Community College District No. 532

We have audited the accompanying financial statements of the College of Lake County, Community College District No. 532 (the College) Workforce Development (Business/Industry), State Adult Education (State Basic, Public Assistance, and State Performance), and Career and Technical Education – Program Improvement Grants and Tech Prep Support Grants (Grant Programs), as of and for the year ended June 30, 2010, and have issued our report thereon dated the same date as this report. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the guidelines of the Illinois Community College Board *Fiscal Management Manual*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and as not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether these financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the board of trustees, management, and the Illinois Community College Board and is not intended to be and should not be used by anyone other than these specified parties.

Grants Programs

Notes to ICCB State Grants Financial Statements
June 30, 2010

(1) Summary of Significant Accounting Policies

(a) General

The financial statements include only those transactions resulting from the ICCB Workforce Development (Business/Industry) Grant, State Adult Education Grant (State Basic, Public Assistance, and State Performance) Grant, and Career and Technical Education — Program Improvement Grant programs and are not intended to present the financial position or results of operations of the College of Lake County. These transactions have been accounted for in the Restricted Purposes Fund.

(b) Basis of Accounting

The statements have been prepared on the modified accrual basis of accounting. Accordingly, expenditures are recognized when liabilities are incurred and grant revenues are recognized only to the extent obligated. Unexpended funds that are obligated prior to June 30 for which the goods are received or services are provided after June 30 but prior to September 30 are recorded as encumbrances. Unexpended funds are reflected as a reduction to fund balance and a liability due to the ICCB by October 15.

(c) Budget

The budgetary data reflected in the accounting statements is developed by the College's management and reflects transfers of budgeted amounts from those original planned expenditures.

(d) Fixed Assets

Fixed asset purchases, if any, are recorded as capital outlay of the program from which the expenditures are made. Such expenditures have been capitalized at cost in the College's financial statements.

(2) Background Information on Grant Activity

Unrestricted Grants

Base Operating Grant – General operating funds provided to colleges based upon credit enrollment with a small portion of the allocation based upon gross square footage of space at the College.

Equalization Grants – Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

Restricted Grants

Workforce Development Grant

Business/Industry Services – Provides funding for a business/industry center at every college to provide a variety of employment training and business services outside of the classroom.

75 (Continued)

Grants Programs

Notes to ICCB State Grants Financial Statements

June 30, 2010

Restricted Adult Education Grant/State

- (1) State Basic Grants awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and older or persons under the age of 21 and not otherwise in attendance in public schools for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Educational Developmental Review classes. Included in this grant are funds for support services, such as student transportation and child-care facilities or provisions.
- (2) Public Assistance Grants awarded to Adult Education and Family Literacy providers to pay for any fees, books, and materials incurred in the program for students who are identified as recipients of public assistance.
- (3) State Performance Grants awarded to Adult Education and Family Literacy provides based upon performance outcomes.

Career and Technical Education – Postsecondary Program Improvement Grant – Grant funding recognizes that keeping career and technical education programs current and reflective of the highest quality practices in the workplace is necessary to prepare students to be successful in their chosen careers and to provide employers with well-trained workforce they require. The grant funds are dedicated to enhancing instruction and academic support activities to strengthen and improve career and technical programs and services.

INDEPENDENT ACCOUNTANTS' REPORT ON THE SCHEDULE OF ENROLLMENT DATA AND OTHERS BASED UPON WHICH CLAIMS ARE FILED

The Board of Trustees
College of Lake County
Community College District No. 532

We have examined the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Were Filed, of College of Lake County, Community College District No. 532 (the College) for the year ended June 30, 2010. The Schedule of Enrollment Data and Other Bases Upon Which Claims Were Filed is the responsibility of the College's management. Our responsibility is to express an opinion on the schedule based upon our examination.

Our examination was conducted in accordance with attestations standards established by the American Institute of Certified Public Accountants, in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and accordingly, included examining, on a test basis, evidence supporting the Schedule of Enrollment Data and Other Bases Upon Which Claims Were Filed and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Were Filed, in all material respects, is fairly presented in accordance with the provisions of the aforementioned guidelines.

In accordance with Government Auditing Standards, we have also issued a report dated the same date as this report on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

This report is intended solely for the information and use of the board of trustees, management, and the Illinois Community College Board and is not intended to be and should not be used by anyone other than these specified parties.

Crowe Horward LLP
