<b><u>Other (done by your provider)</u></b>								
Physical Exam (CLC form)	N/A			X	X	X		X
Eye Exam (CLC form)	N/A							X

### **Massage Therapy Students – only requirement for program is Physical Exam form.**

- 1 A TB 1-Step Test (\$10) is required each year after receiving the TB 2-Step or TSpot for all continuing Health Career Students until completion of program.
- 2 NA students need to show proof of 2 MMR vaccinations and 2 Varicella vaccinations OR documentation of the disease(s). If they cannot show proof of vaccinations, positive titers will be accepted.
- 3 If titers show student is not immune, booster shot(s) are required. CLC Health Services' cost for the MMR is \$105, Tdap is \$42, and Hepatitis B is \$46 each. The Hepatitis B Vaccination is a set of three immunizations over a 6 month period. (CLC Health Services costs listed are as of 6/7/22 and are subject to change.) CLC Health Services does not offer the Varicella vaccination.
- 4 NA student need Covid booster(s) if eligible. For Phlebotomy, proof of Covid vaccinations are needed only for PBT116.
- 5 Flu shots required for fall and spring semester NUR110 sections. Phlebotomy students must show proof of a flu vaccination from the previous 12 months to register, and will be required to get upcoming season's flu shot when available. PHM students' clinicals are in the summer so a flu shot is not required.

Procedures listed can be done at the CLC Student Health and Wellness Services (phone #847-543-2064) or offsite (insurance not accepted). If done offsite, completed documentation must be dropped off at the Student Health Services (C176), faxed to (847) 543-3064 or emailed to [Healthcenter@clcollinois.edu](mailto:Healthcenter@clcollinois.edu).
