

CLC CLASSES
SUMMER 2022
NONCREDIT COURSES

College  Lake County

CHANGING *lives.*

DID YOU KNOW...?

Spring and summer noncredit courses will be combined as one catalog in 2023

The College of Lake County serves as a center of innovation and excellence in sustainability. We are continually seeking ways to expand our sustainability efforts and make a positive impact on the environment. Not only will you get to learn about summer offerings earlier, combining two editions of the noncredit course catalog will save 196 trees! To receive the most current information about noncredit courses, stay tuned to www.learn.clcillinois.edu

The Illinois Small Business Development and International Trade Center (SBDC/ITC) at CLC is expanding services for Latinx-owned businesses

The SBDC/ITC has been making meaningful changes to better support Lake County's Latinx-owned businesses, especially those who speak primarily Spanish. A Spanish-speaking advisor is available to assist small business owners, the Business Startup Checklist and BizHub B2B resource tool have been translated to Spanish, the number of workshops offered in Spanish is growing and additional services are in the works. For more information, visit www.clcillinois.edu/sbdc

CLC's Personal Enrichment department offers experiences to prepare young adults for a successful transition into adulthood

Through the Embark program, young adults can gain critical skills to navigate the road ahead with independence. These low-cost, short-term learning experiences are designed to help you prepare for some of life's most common occurrences and milestones. Programs focus on topics such as financial management, basic repairs, DIY and wellness. Keep an eye out for exciting classes in the fall by staying tuned to <https://bit.ly/CLCPersonalEnrichment>

CLC recognizes Juneteenth National Freedom Day as a College holiday

Starting in 2022, CLC will close on Juneteenth to honor the day when all enslaved African Americans were freed after the Civil War. Since June 19 falls on a weekend this year and the College is closed on Fridays in the summer, Juneteenth will be observed on Thursday, June 16. Stay tuned for information on a Juneteenth event by visiting www.clcillinois.edu

CLC's Judicial Services department offers opportunities to improve your future and the future of your community through courses and volunteering

Partnering with the 19th Judicial Circuit Court for over 30 years, Judicial Services offers the National Safety Council's award-winning Defensive Driving courses including the "Alive at 25" program that is proven to save the lives of young drivers. To learn more about programming and volunteer opportunities, visit www.clcillinois.edu/judicial

CLC's Career and Job Placement Center (CJPC) provides bi-weekly opportunities for employers and part-time job seekers to connect

CJPC hosts Part-Time Monday, a mini on-campus recruiting event where students and alumni can meet with employers who are specifically recruiting to fill part-time, direct hire positions. This event is FREE to job seekers and is currently held every other Monday from 11 a.m. to 1 p.m. on the Grayslake Campus or virtually. For more information, visit www.clcillinois.edu/cjpc

Affordable and conveniently scheduled courses taught by industry experts in person and online!

Visit www.clillinois.edu/professional/onlineclasses and browse over 500 classes in a variety of topics and formats; online education may be the right choice for you. Complete a course whenever and wherever the internet is available.

Business, Hospitality and Information Technology

SERVSAFE FOOD PROTECTION MANAGER CERTIFICATION

This course will prepare you to be certified or re-certified through the National Restaurant Association ServSafe Foundation. You will cover all major sanitation points, including how food becomes unsafe, proper precautions, personal hygiene, food contamination, regulations and inspection standards. The nationally recognized ServSafe Exam is given as part of this course. Upon successful completion of the ServSafe Exam, you will receive a copy of your ServSafe Food Protection Manager certificate, which is nationally recognized.

Note: As of January 1, 2018, the Illinois Department of Public Health will no longer require a state FSSMC certificate.

A textbook is required and may be purchased in the CLC Bookstore prior to class. **Note:** It is highly recommended that students read the textbook and review chapter quizzes prior to class in order to prepare for the certification test at the end of the course.

Google Career Certificates

GOOGLE PROJECT MANAGEMENT CERTIFICATE

Whether at a small company or a large enterprise, project managers are responsible for delivering projects on time and on budget.

Learn about project management including the project lifecycle, common project management approaches, stakeholder management, influencing, critical thinking in problem solving and effective communication. Successful completion qualifies students for over 100 hours of project management education that apply directly to the Certified Associate in Project Management (CAPM)[®] certification through the Project Management Institute (PMI).

No prior experience or specific knowledge is required. All you need is an interest in solving problems and working with people.

3876 PCTR 83-001

July 1 to December 16

Online

\$75 K. Kattenbraker

Earn a credential from Google!

In a unique opportunity provided by Google, we are able to offer four career certificates designed by the company's senior practitioners at a reduced rate. Each certificate program can be completed in less than 6 months with 10 hours of focused time per week in an entirely online, self-paced environment. These certificates are not instructor-led. **Note:** If you do not complete the entire certificate in one semester, you may re-enroll in a subsequent semester for continued access.

GOOGLE IT SUPPORT CERTIFICATE

This course is part of an initiative by Google, based on the training it developed to prepare its own IT support staff. Coursework includes a combination of online lectures, quizzes and hands-on lab activities covering technical support fundamentals, computer networking, operating systems, system administration, IT infrastructure and IT security. This program also prepares you for the CompTIA A+ exam, the industry standard certification for IT. No prior experience or specific knowledge is required.

3788 PCTR 91-001

July 1 to December 16

Online

\$75 K. Kattenbraker

GOOGLE USER EXPERIENCE (UX) DESIGN CERTIFICATE

UX designers spend their time making, creating and organizing the interfaces people interact with daily, like mobile apps, websites, smartwatches and physical products. Their work ensures that these interfaces are accessible as well as easier and more enjoyable to use.

Explore the design process, including empathizing with users, defining their pain points, coming up with ideas for design solutions, creating wireframes and prototypes and testing designs to get feedback.

No prior experience with design or specific tools required. All you need is an interest in helping to create better experiences for users of apps, websites and physical products.

3789 PCTR 92-001

July 1 to December 16

Online

\$75 K. Kattenbraker

GOOGLE DATA ANALYTICS CERTIFICATE

Data analysts prepare, process and analyze data to help inform decisions in industries from business to healthcare to education.

This program prepares students for an entry-level position in the field of data analytics. Develop in-demand data analytics skills using spreadsheets, SQL, R and Tableau. You'll even have the opportunity to complete a case study that you can share with potential employers to showcase your new skill set. No prior experience or specific tools required. All you need is high-school-level math and a curiosity about how things work!

3877 PCTR 93-001

July 1 to December 16

Online

Already leading projects at work?

Are you curious about what training is available beyond the entry-level Google Project Management Certificate? Turn to page 5 to learn about our live, instructor-led Project Management Professional course!

Microsoft Excel

Note: These virtual live Excel courses require a personal laptop or desktop computer and students should be prepared to complete coursework in an online learning lab. Email professionalworkshops@clcillinois.edu or call (847) 543-2990 to discuss if your intended technology will work!

MICROSOFT EXCEL 2019: LEVEL 1

Learn to create a basic worksheet and modify the contents and appearance. You will perform calculations, modify the appearance of data within a worksheet, manage Excel workbooks and print the contents.

9010 PCTR 15-001

Monday, June 13
9 a.m. to 5 p.m.
1 Session
Virtual Live
\$205 S. Bajt

MICROSOFT EXCEL 2019: LEVEL 2

Learn how to work faster and more productively by using many of Excel's powerful features. Organize worksheet and table data using various techniques. Create and modify charts, work with graphic objects, calculate with advanced formulas, sort and filter data and analyze data using PivotTables, Slicers and PivotCharts.

Prerequisite: Microsoft Excel Level 1 or equivalent knowledge and use of advanced formulas.

9011 PCTR 16-001

Monday, June 27
9 a.m. to 5 p.m.
1 Session
Virtual Live
\$205 S. Bajt

Interested in IT?

Check out the inside back cover to learn more about new IT bootcamps!

MICROSOFT EXCEL 2019: LEVEL 3

Upon successful completion of this course, students will be able to troubleshoot large, complex workbooks, automate repetitive tasks, engage in collaborative partnerships involving workbook data, construct complex Excel functions and use those functions to perform rigorous analysis of extensive, complex datasets using conditional logic to construct and apply elaborate formulas.

Prerequisite: Microsoft Excel Level 2 or equivalent knowledge.

9012 PCTR 17-001

Monday, July 11
9 a.m. to 5 p.m.
1 Session
Virtual Live
\$205 S. Bajt

SPECIALIZED TRAINING IN MICROSOFT EXCEL PIVOTTABLES

In this half-day class, students will learn how to use PivotTables to selectively summarize and analyze large amounts of data. They will learn how to interact with the PivotTable data by filtering, sorting and manipulating report formats. Students will learn how use sophisticated slicers to further analyze data. They will also see how to create a chart from a PivotTable, modify the PivotTable and use a variety of options to adapt to their information needs. This analysis allows users to answer common business questions about their data.

Suggested Prerequisite: Excel 2019 Level 2

9046 PCTR 27-001

Monday, August 8
9 a.m. to 1 p.m.

REAL ESTATE HOME STAGING 101

First impressions matter, especially when it comes to selling real estate property. Through this home staging class, you will learn techniques to prepare your property to be the most desirable listing on the market. Learn what catches a buyer's eye and what will set you apart from the competition. Realtors, homeowners, investors and builders will benefit from our instructor, who has helped homes sell quickly with her unique ideas and strategies.

Wednesday, July 13
1-4 p.m.
1 Session
University Center of Lake County, 312
\$69 J. Delaclyuse

BEAUTIFYING A HOME WITH THE RIGHT COLORS

For a home to look its best, it should have paint colors that complement the finishes in the home. Studies have shown that the wrong paint colors are one of the top five reasons that people will not be interested in a home. Many people take a "one color fits all" approach to selecting paint colors, but every home is unique and needs just the right colors to create maximum appeal. Whether you are buying or selling a home or simply redecorating, this course will help you to select paint colors that bring out the best in the home. A book is required and can be purchased from the instructor for \$20 in class.

9106 PRLE 42-001

Wednesday, July 20
1-4 p.m.
1 Session
University Center of Lake County, 313
\$69 J. Delaclyuse

A textbook is required for Real Estate Broker courses and may be purchased in the CLC Bookstore prior to class. Visit www.clcillinois.edu/bookstore for hours and information.

Education and Social Sciences

FORENSIC CLASSROOM: ENHANCING STEM PROFICIENCY WITH DETECTIVE SCIENCE

Forensic Classroom is a five-day workshop program for educators who want to use crime scene investigation content material to engage their students in the science curriculum. This hands-on program will help educators understand the tools, techniques and scientific principles of crime scene investigations.

Forensic Classroom goes beyond simply providing information about criminal investigations. The course material is designed to assist teachers in meeting the National Science Education Standards for developing meaningful, high-interest, inquiry-based classroom activities involving real-world problem solving.

During the course of this workshop, participants will draw on the practical knowledge and abilities of experienced law enforcement officers in order to become familiar with content area material that will captivate the imagination and interest of their students. Participants will have the opportunity to work with and learn to use various crime scene processing equipment, be exposed to real-life crime scene examples, and will learn practical exercises that they can immediately take back to the classroom.

While developed to assist with programs at the high school level, any teacher using crime scene investigations as a means of educating their students will benefit from this workshop.

8952 PTCH 51-001

Monday to Friday / July 18-22 / 8 a.m. to 4:30 p.m. / 5 Sessions
University Center of Lake County, 321
\$699 M. Wasowicz

Public Safety

POLICE EVIDENCE TECHNICIAN BASIC

Law enforcement officers will develop CSI skills which will give them the knowledge and practical experience to do every forensic and evidence technician investigation in a professional manner. Topics include

photography of crime scene and evidence, diagrams and field sketches, crime scene processing, trace evidence, bloodstain evidence, crime scene management and fingerprint processing. Special emphasis will be given in: burglary, theft, fire and arson

investigations, death and sexual assault investigations, impression evidence, macro photographic techniques, tool and bite marks, firearms and report writing. Students must bring departmental camera, tripod and flash. This course is certified and reimbursable through the Illinois Law Enforcement Training and Standards Board for Illinois officers. The Evidence Technician class is designed for law enforcement professionals; however, we have opened seats to college students in forensic science studies, high school forensic science teachers and insurance or fire investigators. Requests to attend will be reviewed and approved on a case-by-case basis. Contact (847) 543-2990 or professionalworkshops@clcillinois.edu to determine eligibility.

WELDING FOR HOBBYISTS

Take your creativity to the next level! This course allows artists, general fabricators, hobbyists and anyone interested in applying the fundamentals of welding to their projects or profession. Students will practice the four primary processes of arc welding and learn which best suits their desired application. The course will begin with an overview of safety and equipment operation. Each week will feature instruction and practice in each of the four welding disciplines. Students will also learn which equipment and processes are best to continue their practice at home.

Safety equipment is included in the cost of the course. Students must furnish their own pair of work boots and wear appropriate welding work attire, such as long pants, in the lab. Course takes place on the Lake County Tech Campus, located near the Grayslake Campus of CLC.

NEW! Basic Welding Certificate coming in Fall 2022!

Learn welding techniques and develop basic skills that are needed to function as a welder. Students earn the American Welding Society (AWS) Sense Level 1 certificate. Continue adding specialty certificates to complete the Advanced Welding Certificate or even an associate degree!

TRUCK DRIVER TRAINING (CDL)

Students will engage in classroom instruction and behind-the-wheel training in this 160-hour basic training course that meets all state and federal requirements. Students will receive the knowledge and support necessary to pass their CDL permit exam during the first week of class. They will then gain the experience and skills required to prepare for the state-issued Commercial Driver’s License (CDL) exams, including the pre-test inspection tests, skills tests and road tests. Students will learn CDL laws, use of controls, safe driving techniques and defensive driving. Students will be taught and mentored by experienced trainers, with a low instructor-to-student ratio to provide individualized training and support. Job placement assistance is also included.

If you are interested in this class, please contact us at (847) 543-2990 or professionalworkshops@clcillinois.edu.

You will be given instructions on how to enroll as a CLC student and be scheduled to attend an in-person orientation. At orientation you will fill out qualifying paperwork to make sure you are eligible to participate.

Please note: Students must be at least 18 years of age (licensing restrictions apply to students under the age of 21). Students must be a US citizen or permanent resident have a valid Illinois Driver’s License Class “D” or above. Students must not have any physical limitation that affects their driving ability. Students will be directed on how to complete the required physical and drug tests. Because all CDL testing is conducted in English, students must be able to speak, read, write and understand English. Language support may be available if needed.

At orientation, students will also receive information about scheduling. This program is flexible and can be completed during days and weekends. Students may choose to attend full time or part time.

Please note that training may need to be adjusted to accommodate State of Illinois restrictions and requirements.

TRUCK DRIVER TRAINING (CDL)

Get on the Road to Your New Career! By earning your Commercial Driver’s License (CDL-A), you can train for a variety of high demand opportunities in Lake County.

FORKLIFT OPERATOR TRAINING

Forklift Operator training provides participants with knowledge and skills to operate a powered industrial truck (forklift) in a safe and professional manner. This training on a sit-down forklift is OSHA compliant and is taught by an OSHA recognized trainer. Training combines formal classroom instruction, practical hands-on training and evaluation of workplace performance.

Cost: \$175 Instructor: J. Colangelo

**Training is held at Equipment Depot, 1014 Progress Drive, Grayslake.
This course meets for one session at 8 a.m. to 12 p.m. on the following dates:**

NLN PRE-ENTRANCE EXAM PREPARATION

Most Health Career programs at the College of Lake County require potential students to take the National League for Nursing (NLN) pre-entrance exam. This preparation course should ideally be taken several months BEFORE you plan to take the exam. Content experts will review basic test-taking strategies, key math concepts, biology, chemistry, physics, reading comprehension and word knowledge skills. The course is designed to help you create a study plan, determine where you should most focus and provide resources to assist in preparing. In addition to access to curated preparation materials, instructors will schedule virtual live sessions to review challenging material.

Small Business Growth starts with the Illinois Small Business Development and International Trade Center

Whether you're starting a new business, positioning your company for growth or seeking to expand globally, we can help. Our business services include:

- No-cost, confidential, one-on-one business advising in English or Spanish with noted experts
- Assistance developing business, marketing and financial plans
- Information about federal, state and local loan programs
- Support in securing commercial loans with local providers
- Interactive, no-cost and low-cost workshops
- Assess company export readiness
- Develop an export business and international market plan
- Customize export market research report
- Export grant opportunities
- Export workshops, in-house and virtual training, seminars and forums

Stay Local. Sell Global.

The Illinois SBDC International Trade Center provides state-of-the-art, customized export solutions supporting small businesses to successfully enter and thrive in a global market.

International Trade Center offers one-on-one export advising. Schedule a no-cost advising session today with our International Trade Specialist, Kevin Kim. Call (847) 543-2306 or email jkim16@clcillinois.edu.

Information Sessions: Sell Global with Exporting Assistance Services

Attend a no-cost, virtual information session on Thursday, June 23 at 10 a.m. to learn about how your company can start selling its exportable products and services internationally. Registration is required.

Visit <https://sellglobal-sp22.eventbrite.com> to register.

Connect with us.

We are your partner to success.

Schedule a no-cost, one-on-one advising session with one of our small business advisors or with our International Trade Specialist.

INTERNATIONAL TRADE CENTER

We appreciate your referrals!

Please share our contact information with a friend, colleague or family member. We can provide them assistance developing business, marketing and financial plans and information about federal, state and local emergency loans and other resources available to small businesses.

U.S. Small Business
Administration

The Illinois Small Business Development & International Trade Center is funded in part through a cooperative agreement with the U.S. Small Business Administration (SBA), the Illinois Department of Commerce and Economic Opportunity, and the College of Lake County. Reasonable accommodations for persons with disabilities will be made if requested at least two weeks in advance. Please contact the center at (847) 543-2033 or TDD: (847) 223-0134.

Additional services and tools we provide to help small businesses in Lake County

Training

Benefit from a variety of no-cost workshops designed to help small business owners increase their skills and enhance their success.

- Accounting and finance
- Business planning and startup
- Business growth and development
- Commercial funding
- Exporting
- Government contracting
- Human resources and legal
- Marketing and sales
- Resiliency and continuity planning
- State and federal grants
- Technology and software

Advising

Engage in no-cost one-on-one sessions with business experts to solve problems and leverage growth opportunities.

Our professional business advisors have expertise in a variety of areas such as:

- Accounting and bookkeeping
- E-commerce
- Exporting
- Finance and lending

Broadcast Communications and Voice-overs

Most summer voice-over classes will be virtual live (see in-person class below). Students will need the following: computer with webcam, headphones (optional) and a valid email address to receive class handouts. Prior to the first class session, sign up for a free account at <https://www.audacityteam.org/download>.

VOICE-OVER: INTRODUCTION

Learn the craft of voice-over acting from the perspective of an advertising creative director who has hired voice actors for over 30 years. Explore what it takes to produce a demo reel that gets listened to. Our overview will include opportunities in the world of radio and television commercials, audiobooks, industrial films and web productions. This class is recommended prior to taking Voice-Over: Fundamentals.

9108 CPER 23-081

Thursday, June 23
6-9 p.m.
1 Session
Virtual Live
\$59 M. Fornwald

9107 CPER 23-001

Tuesday, July 5
6-9 p.m.
1 Session
Grayslake Campus, TBA
\$59 M. Fornwald

VOICE-OVER: FUNDAMENTALS – NEW AND IMPROVED!

Enjoy a deeper dive into three areas of voice-over performance. Discover the technical and business aspects and gain hands-on experience. Receive coaching from three professionals in the areas of auditioning, performing and technical vocal production as you continue to explore your voice for a new career or hobby.

9109 CPER 24-081

Tuesday, June 7-28
6-9 p.m.
4 Sessions
Virtual Live
\$175 M. Fornwald, O. Ucak and A. Carter

VOICE-OVER BREAKOUT: AUDIOBOOKS

Audiobooks are growing in popularity and provide plenty of opportunities for voice-over narrators. Discover the performance and technical skills needed to create audiobooks and learn how to find and audition for narration jobs. Receive guidance and practice on how to create audiobook auditions and final products. Gain experience recording a sample of an audiobook selection. Please bring a 30-second sample of an audiobook to share.

9110 CPER 32-081

Tuesday, July 12
6-9 p.m.
1 Session
Virtual Live
\$59 M. Fornwald

VOICE-OVER BREAKOUT: VOCAL PRODUCTION

Your speaking voice is an instrument. Using it correctly for speaking is important for voice-over work, acting or even personal and professional presentations. Work with the Vocal Tool Kit to strengthen and hone your vocal skills. Receive helpful guidance as you practice using your instrument effectively. Record a sample of the projects you create.

9111 CPER 35-081

Tuesday, July 19
6-9 p.m.
1 Session
Virtual Live
\$59 M. Fornwald

VOICE-OVER BREAKOUT:

CARTOON CHARACTERS AND VIDEO GAME VOICE-OVERS

I'll get you, my pretty... Do you like creating silly, scary or unique voices? Take a fun and focused look at creating character voices for video games, cartoons, audiobooks and more. Enjoy guidance and practice as you learn how to identify character and vocal traits and how to create them. Record a sample of the characters you create. Please bring a sample audio cartoon or video game to share. To prepare for class listen to a cartoon or episode, copy the script and bring it to class.

9112 CPER 36-081

Tuesday, July 26
6-9 p.m.
1 Session
Virtual Live
\$59 M. Fornwald

Communication

COMMUNICATION: FILM

EDITING MAGIC AND FILM ANALYSIS

Movies, television and TikTok all have something to teach us about editing. Learn how illusion translates to the screen and how to be a critical viewer at home. Have fun dissecting scenes and moments from your favorite media from an expert point of view.

9079 CCMP 53-081

Friday, July 8-29
1-3 p.m.

4 Sessions
Virtual Live
\$75 A. Carter

COMMUNICATION: IMPROV

IMPROV FOR FUN

Discover improvisation with activities from improv flash cards by Viola Spolin, whose son went on to found Chicago's Second City. Practice creating characters, thinking on your feet and creating new solutions. Get on your way to approaching new challenges and changes with focus, self-assurance and confidence.

9125 CPER 8-001

Thursday, June 30 to July 28
(No class July 7)
6:30-8:30 p.m.

4 Sessions
Grayslake Campus, TBA
\$99 M. Fornwald

COMMUNICATION: MEDIA

BECOME YOUR OWN PRODUCTION TEAM: ONLINE ALTERNATIVE MEDIA PRODUCTION

Learn how the world of media has changed and how you can make it work for you! The legacy media can't keep up with the new world of media, which isn't directed by executives and production teams, but by YOU. Learn how podcasting, online video production and more are all connected and how you can become your own production team for cheap.

9078 CCMP 51-081

Friday, June 10 to July 1
11 a.m. to 1 p.m.

4 Sessions
Virtual Live
\$75 A. Carter

COMMUNICATION: STORYTELLING

STORYTELLING: NARRATIVE AND META-NARRATIVE

Movies, television and news. Narrative constructs are all around us every day, changing how we make decisions, what we believe and how we think! Learn to understand how storytelling works, what a good story can do for you and how to take control of your narrative.

9070 CWRT 40-081

Thursday, July 7-28
11 a.m. to 1 p.m.

4 Sessions
Virtual Live
\$75 A. Carter

Writing

LEAP WRITE IN! 1 - CREATIVE WRITING TO STRETCH YOUR MIND

Goodbye, writer's block. Hello, creativity and inspiration! Using a variety of prompts, write seven-line stories, short-winded poems, mini-memoirs and untie-your-mind word lists, along with a variety of other exercises that will unleash what you most need to say. Create your own portfolio at the end of the session. So take a breath, relax, reset and Leap Write In!

9101 CWRT 15-001

Monday, June 13 to July 25
6-8 p.m.

6 Sessions
Grayslake Campus, TBA
\$125 B. Atlee

Creative Arts

Painting

IN FULL BLOOM WATERCOLOR SUNFLOWERS

Stately sunflowers are the inspiration for lively watercolor painting projects. Sketch the blooms (as well as insects they attract) and add layers of color. Bring the garden into focus as you learn to add depth and vibrancy to your paintings. A supply fee of \$10 is payable to the instructor at first class.

9073 CCRF 12-001

Wednesday and Thursday, June 29-30
1-3 p.m.
2 Sessions
Grayslake Campus, TBA
\$35 J. Evans

Textile Arts

BEGINNER SEWING: SEW HAPPY TOGETHER

Learn the basics of needles, threading and troubleshooting. Discover how to read a pattern and choose fabric. Enjoy cutting, assembling and completing your own sewing project. A supply list will be provided before the first session and the instructor will discuss additional supplies in class. Bring your own sewing machine, sharp scissors and a box of pins. Returning students are welcome.

9098 CCRF 31-001

Wednesday, July 6-27
6-9 p.m.
6 Sessions
Grayslake Campus, C106
\$179 M. Wagner-Webb

BUTTONHOLES, ZIPPERS AND HEMS...OH, MY!

Learn how to make basic buttonholes and how to sew on buttons with a sewing machine. Learn different ways to insert zippers. Discover multiple hem types and which ones best suit your type of fabric, garments and home decor. Beginning and experienced sewers are welcome. Students will need their own sewing machine and accessories. A supply list will be provided prior to the first class.

9099 CCRF 51-001

Thursday, July 7-28
6:30-9 p.m.
6 Sessions
Grayslake Campus, C106
\$149 M. Wagner-Webb

BEGINNER QUILTING: RIPPED LOG CABIN QUILT

Learn these quilting basics in a fun, introductory class: quilt terminology, fabric selection, color coordination, fabric tearing (grain straightening), log cabin squares, quilt seam allowances, log cabin patterns, batting and backing, tie through and stitch-in-the-ditch. Make a nine-square baby quilt or wall hanging (approximately 47" x 47") as your final project. Bring your own sewing machine. Supplies will be discussed at the first class and a supply list will be provided.

9100 CCRF 53-001

Monday, July 11 to August 1
6-9 p.m.
6 Sessions
Grayslake Campus, C106
\$179 M. Wagner-Webb

Dance

LEARN SOCIAL LATIN DANCE - SALSA

Learn to dance one of the two most popular social Latin dances, Salsa, featured at clubs, weddings and social events. Get moving and have fun!

9094 CDAN 10-031

Wednesday, June 8-29
7-8 p.m.
4 Sessions
Lake County Tech Campus, H145
\$89 A. & R. Hill

LEARN SOCIAL LATIN DANCE - BACHATA

Learn to dance one of the two most popular social Latin dances, Bachata, featured at clubs, weddings and social events. Get moving and have fun!

9096 CDAN 13-031

Wednesday, July 6-27
7-8 p.m.
4 Sessions
Lake County Tech Campus, H145
\$89 A. & R. Hill

BALLROOM DANCING STEP BY STEP: FOX TROT OR WALTZ

Ballroom dancing is not just for your first dance! Feel confident whether on a cruise, at a wedding or out on the town. Choose professional dance instruction focusing either on the fox trot or waltz. Couples are encouraged to register together.

FOX TROT

9095 CDAN 12-031

Thursday, June 9 to July 7
7-8 p.m.
4 Sessions
Lake County Tech Campus, H145

Outdoor Recreation

STORM CHASERS: UNDERSTANDING SEVERE WEATHER PHENOMENON

Experience an exciting introduction to severe weather phenomenon, the forecasting techniques involved and how to observe such events safely. Ideally this four week class will meet twice in the classroom and twice in the field guided by an experienced storm chaser. Get a close-up view of the equipment in a storm chaser vehicle. You are responsible for your own transportation to the field locations. If you are unable to attend in the field, virtual learning may be an option but is highly dependent on internet coverage in the field.

9088 CREC 37-001

Wednesday, June 8-29
7-9 p.m.
4 Sessions
Grayslake Campus, TBA
\$79 J. Walters

Trips and Tours

WISCONSIN CATHEDRAL TOUR

Discover unbelievable European architectural and historical treasures without leaving the Midwest. Visit Marquette University's Church of the Gesu and St. Joan of Arc Chapel, St. Anthony and the Basilica of Saint Josaphat. Feast your eyes, mind and your palate during this relaxed tour of discovery. Transportation and lunch are included. There will be considerable walking and stair climbing. Wear comfortable walking shoes. Bus will depart from CLC parking lot 2 across from the CLC Horticulture Building at 8:30 a.m. Plan to arrive at least 15 minutes prior to departure time.

Please note: An effort is made to conduct all tours as described. Substitutions may be necessary when situations arise that are beyond our control. Cancellations for tours may be made up to seven business days before the tour. After that no refund is possible.

4 Sessions
Grayslake Campus
\$195 J. Macken

Explore Camp: Creativity & Innovation

INNOVATION DAYS: CREATE YOUR PASSION PROJECT (GRADES 4-5)

Immerse yourself in doing something you enjoy and creating a "passion project" complete with a final display to share what you learned with others so they can enjoy it, too. Choose anything you are interested in: dance, creating games, making tutorial videos or whatever brings you joy!

8983 CSCC 11-001
Monday-Thursday, June 27-30
1-4 p.m.
4 Sessions
Grayslake Campus
\$195 E. Erickson

Explore Camp: Engineering

JUNIOR ENGINEERS: EXPLORE ENERGY (GRADES 4-5)

Explore various forms of energy: potential, kinetic, sound, electrical, chemical and heat. Build wrecking balls, musical instruments, circuits and hand warmers – items that use each type of energy. Gain new knowledge of, interest in and respect for the energy around you as you become an energy expert.

9041 CSCC 60-001
Monday-Thursday, July 25-28
1-4 p.m.
4 Sessions
Grayslake Campus
\$195 K. Galuska

Explore Camp: Engineering Art

INTEGRATING STEM AND ART: WEARABLE TECHNOLOGY (GRADES 6-8)

STEM and art go high tech. Create a one-of-a-kind necklace pendant, illuminated mask and felt bracelet while learning the basics of electronic circuitry. Get hands-on experience with sewing circuits, 3D printing and laser technology in CLC's Baxter Innovation lab.

8969 CSCC 35-001
Monday-Thursday, June 6-9
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 J. Edwards

Explore Camp: Filmmaking & Photography

3-2-1 ACTION! FILMMAKING WITH DIGITAL MEDIA (GRADES 6-10)

Learn visual storytelling through hands-on video creation. Work in collaboration with your team members and learn to write, produce, record and edit your video. Students should bring: charged photo device (iPhone, tablet or digital video camera with internal memory or a memory card to store high-quality images); a USB cable to connect device to computer; tripod and a flash drive; outdoor clothing (hat, sunglasses, sunblock). Note: This camp meets three days.

8972 CEXP 6-001
Monday-Wednesday, June 13-15
9 a.m. to 1 p.m.
3 Sessions
Grayslake Campus
\$225 E. Lopez

DIGITAL PHOTOGRAPHY: TAKE BETTER PHOTOS (GRADES 6-8)

Get ready to learn basic photography techniques and camera settings. Discover digital photography etiquette, useful photography apps and techniques to make your images stand out. Enjoy basic computer photo editing with Adobe Photoshop. Bring to class: fully charged device (iPhone, tablet or digital camera) with enough available memory or a memory card to store high-quality images; a USB cable to connect device to computer; tripod and a flash drive; outdoor clothing (hat, sunglasses, sunblock).

8973 CEXP 46-001
Monday-Thursday, June 20-23
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 E. Lopez

Explore Camp: Forensic Science

FORENSICS IN ACTION (GRADES 6-8)

Explore how forensic science, the application of science in legal proceedings, is used by a variety of professions to investigate crimes. Learn principles and techniques including photography and evidence collection. Engage in an opportunity to apply your knowledge to "solve" a mock crime.

8994 CEXP 67-001
Monday-Thursday, July 25-28
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$225 C. Vanden Berk

Explore Camp: Graphic Design

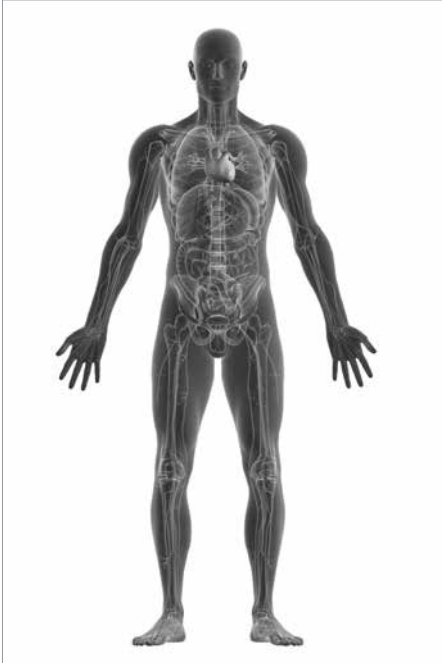

GRAPHIC DESIGN: CREATE. DESIGN. LAYOUT. PRINT. (GRADES 6-8)

Learn about the art and design necessary to create your own visual pieces similar to those seen in advertising and media. Practice making your own work using free online apps. Translate your digital image creations into products such as keychains and buttons. Prior to the first day of camp, sign up for the following free apps online. If you are under the age of 13, your parents will need to sign you up if you don't have an existing account.

Grayslake Campus
\$195 B. Kellerhals

DESIGN AND FABRICATE: LASER PHOTONICS OPTICS WORKSHOP (GRADES 6-8)

Engage in hands-on activities with state-of-the-art optical and laser equipment. Learn the principles of generating and harnessing light through lasers, lenses, mirrors, fiber optics, digital microscopes and many other instruments. Discover the nature of light, how your eyes see colors, the importance of laser safety and how lasers are used in communications. Make your own laser light show.

8960 CADV 12-001

Monday-Thursday, July 11-14
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 B. Kellerhals

Explore Camp: LEGO®

LEGO: ON THE MOVE (GRADES 1-3)

Calling all young scientists, engineers and designers! Do you want to discover how LEGOs can move? Build balloon-powered LEGO boats, a LEGO zip line and cars powered by fans and motors. Experience creating your own to designs to make your LEGOs move!

8981 CEXP 63-001

Monday-Thursday, June 20-23
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 E. Erickson

Explore Camp: Math

UNRAVEL MATH MYSTERIES WITH PROBLEM SOLVING (GRADES 4-5)

Build your math skills toward fifth and sixth grade through hands-on problem solving. Explore reasoning, probability, geometry and logic skills. Interact with practice problems to determine the order of operations. Enjoy hands-on math activities and compete in a fun, end-of-camp team event to review your new skills. Note: This camp meets three days.

8988 CEXP 74-001

Monday-Wednesday, June 13-15
9 a.m. to 12 p.m.
3 Sessions
Grayslake Campus
\$150 E. Erickson

FUN WITH GEOMETRY AND BEGINNING STATISTICS (GRADES 6-8)

Visually discover the formulas for 2-D and 3-D objects. Discover the perimeter and area of pentomino puzzles. Explore the volume of various prisms with different bases but the same height. Construct a 3-D origami transforming magic circle and jumping origami frog. Collect, analyze and graph data from the jumping frog.

8980 CEXP 45-021

Monday-Thursday, June 20-23
1-4 p.m.
4 Sessions
Southlake Campus
\$195 J. Tong

Monday-Thursday, July 25-28
1-4 p.m.
4 Sessions
Grayslake Campus
\$195 J. Tong

Explore Camp: NASA

NASA: FABRICATING FRONTIERS IN SPACE (GRADES 4-5)

Interested in space science and astronomy? Broaden your space knowledge in this exciting hands-on camp. Build rockets to fight off classroom invaders. Fabricate a space suit with your space team. Activities will be age-appropriate. Parents, please join us Thursday for class presentations.

8962 CEXP 21-001
Monday-Thursday, June 20-23
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 B. Kellerhals

NASA: FABRICATING FRONTIERS IN SPACE (GRADES 6-8)

Examine astronomic and aerodynamic topics (bigger/faster rocketry) in greater detail. Sketch and build a Mars station structure using industry standard material. Wire up photovoltaic cells as part of your Mars station and learn more advanced functions of electronic monitoring equipment and spectrometers. Use hand tools in age-appropriate activities.

8963 CEXP 86-001
Monday-Thursday, July 11-14
1-4 p.m.
4 Sessions
Grayslake Campus
\$195 B. Kellerhals

Explore Camp: Physics

JUNIOR PHYSICISTS: BRINGING LIGHT TO LIGHT (GRADES 4-5)

Experiment, observe and explore the physics of light. Discover properties of light, refraction, reflection and colors. Learn how light is used in various areas of science. Light up your STEM world with newfound knowledge.

9034 CSCC 1-001
Monday-Thursday, July 18-21
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 K. Galuska

Explore Camp: Reading

ADVENTURES IN READING: KEEP YOUR READING SKILLS SHARP (GRADES 1-3)

Keep your reading and comprehension skills sharp with lots of fun, interactive reading activities. Your teacher will provide an individual assessment to help you work on the skills you need to strengthen. Explore small group stations tailored to your needs including activities such as word work, spelling, comprehension and writing. You will love completing projects with video (green screen) and author studies.

8982 CEXP 29-001
Monday-Thursday, June 27-30
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$195 E. Erickson

Explore Camp: Robotics with LEGO® EV3

ROBOTICS WITH LEGO® EV3: CREATIVE WORKSHOP (GRADES 6-8)

Here is your opportunity to discover and explore robotics. Accept the challenge to think like a scientist and engineer. Choose and solve a real-world problem, then build, test and program an autonomous robot using LEGO® EV3 technology.

9001 CEXP 71-001
Monday-Thursday, June 27-30
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$225 J. Macken

BUILD A SUMO BOT WITH LEGO® EV3: (GRADES 6-8)

Build your own sumo bot! Accept the challenge to think like a scientist and engineer. Choose and solve a real-world problem, then build, test, and program an autonomous sumo bot using LEGO® EV3 robotics technology.

8998 CEXP 64-001
Monday-Thursday, July 18-21
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$225 J. Macken

Explore Camp: Web Design

WEB DESIGN (GRADES 8-12)

Create a website on a topic of your choice using the software that the pros use, Adobe Dreamweaver. Learn about HTML coding, design and copyright regulations. Bring your own flash drive and original images or photos in digital format. Images and photos must be taken, created or purchased by you or your parents.

8975 CEXP 39-001

1-4 p.m.
4 Sessions
Grayslake Campus
\$225 E. Lopez

Personal Enrichment Explore

CHANGING *possibilities.*

Engage

High school students in grades 9-12 can engage in STEM-based career exploration and innovative experiences. Summer experiences start May 31.

Engage Camps (Grades 9-12)

- Automotive Technology
- Camp Scrubs
- Criminal Justice
- Culinary/Baking/Pastry
- Forensics
- Engineering
- Entrepreneurship
- Graphic Arts
- Lasers/Photonics/Optics
- Podcasting and Voice-overs

Engage Camp: Academic Tools

PLAN. STUDY. EXCEL. HAVE FUN: TOOLS FOR ACADEMIC SUCCESS (GRADES 9-12)

Rev up your study skills for higher test scores and academic success. Identify your learning style and maximize its impact on your study approach. Learn note-taking, retention techniques, time management, listening skills, outlining and test-taking strategies. Increase your reading speed and comprehension with practice exercises.

8996 CENG 11-001

Monday-Thursday, July 18-21

9 a.m. to 12 p.m.

4 Sessions

Grayslake Campus

\$195 S. Pantelic

Engage Camp: Animation

UNDERSTANDING ANIMATION: FROM SHORTS TO MOVIES (GRADES 9-12)

Dive into animation with this introduction to from a practical, historical and critical perspective. Discover animation fundamentals while discussing your thoughts and reactions to animation. Get hands-on practice creating animation. See what a career in animation might look like.

9016 CENG 26-001

Monday-Thursday, June 6-9

1-4 p.m.

4 Sessions

Grayslake Campus

\$225 O. Ucak

Engage Camp: Automotive Technology

AUTOMOTIVE TECHNOLOGY: BASICS (GRADES 9-12)

For a long time, the automotive world has been a male dominated field, but it's open to everyone! Automotive technology is a huge and an ever-growing industry worldwide. Get a clear understanding of the automotive technology and auto collision repair careers available. Ladies, discover the advantages of being a female in this field. Learn what to expect in CLC's program and get hands-on experience on actual vehicles in CLC's automotive collision repair lab.

8984 CENG 4-001

Monday-Thursday, July 18-21

9 a.m. to 12 p.m.

4 Sessions

Grayslake Campus

\$225 F. Valtierra and O. Cavazos

8985 CENG 4-002

Monday-Thursday, July 18-21

1-4 p.m.

4 Sessions

Grayslake Campus

\$225 F. Valtierra and O. Cavazos

AUTOMOTIVE TECHNOLOGY: BEYOND THE BASICS (GRADES 9-12)

If you have taken Automotive Technology this is your next step. Learn more advanced concepts related to collision and repair. Topics may include upholstery, specialty painting, detailing, automotive art and more. Parents, bring your car to be detailed the last day of camp. Budding automotive professionals will demonstrate their new skills.

8986 CENG 19-001

Monday-Thursday, July 25-28

9 a.m. to 12 p.m.

4 Sessions

Grayslake Campus

\$225 F. Valtierra and O. Cavazos

8987 CENG 19-002

Monday-Thursday, July 25-28

1-4 p.m.

4 Sessions

Grayslake Campus

\$225 F. Valtierra and O. Cavazos

Engage Camp: Baking, Culinary and Pastry

For all baking, culinary and pastry camps: students must wear long pants, a long-sleeved shirt and proper shoes. Tennis shoes with laces are fine but may not have holes, mesh or sheer fabric. No open-back shoes or heels. Students with long hair will be required to wear both a hairnet and a cap. Masks are required.

BAKING I: SWEET! (GRADES 9-12)

Learn culinary techniques while preparing a variety of sweet pastry items which may include brownies, assorted cookies, cakes and cream puffs. Discover the many career possibilities available in the culinary and hospitality industry.

9003 CENG 3-031

Tuesday-Friday, May 31 to June 3

9 a.m. to 12 p.m.

4 Sessions

University Center of Lake County, Grayslake

\$250 T. Novinska

9005 CENG 3-032

Monday-Thursday, August 1-4

9 a.m. to 12 p.m.

4 Sessions

University Center of Lake County, Grayslake

\$250 T. Novinska

PASTRY I: COOKIES, CUPCAKES, CREAM PIES, YUM! (GRADES 9-12)

Learn culinary techniques while preparing a variety of sweet pastry items such as assorted cookies, cupcakes and cream pies. Discover the many career possibilities available in the culinary and hospitality industry.

9006 CENG 16-031

Tuesday-Friday, May 31 to June 3

1-4 p.m.

4 Sessions

University Center of Lake County, Grayslake

\$250 T. Novinska

9007 CENG 16-032

Monday-Thursday, August 1-4

1-4 p.m.

4 Sessions

University Center of Lake County, Grayslake

\$250 T. Novinska

BEGINNING CULINARY: SAVOR THE PASTA-BILITIES (GRADES 9-12)

Immerse yourself in the world of culinary careers. Experience working in the CLC Prairie student restaurant kitchen. Learn culinary techniques while preparing a variety of savory items such as include pasta, salads and sandwiches.

9004 CENG 2-001
Monday-Thursday, June 27-30
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$250 W. Vena

**Engage Camp:
Computer Technology**

COMPUTER TECHNOLOGY CAMP (GRADES 9-12)

Learn not only how computers work but how to repair and design your own computer. This hands-on experience will introduce you to concepts that can lead to successful careers in IT or engineering. Learn about cybersecurity and disassemble old computers to see what makes them tick. Build and take home a working Raspberry Pi computer.

9018 CENG 28-001
Monday-Thursday, June 20-23
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$275 Staff

**Engage Camp:
Criminal Justice**

SEE YOURSELF IN CRIMINAL JUSTICE (GRADES 9-12)

Invest in your future with this in-depth, behind-the-scenes career experience taught by real criminal justice professionals. Meet Lake County and federal professionals in various lines of criminal justice duty. Actual experiences and content are subject to change.

8977 CENG 7-001
Monday-Thursday, July 18-21
1-4 p.m.
4 Sessions
Grayslake Campus
\$195 Lake County Criminal Justice Professionals

**Engage Camp:
Digital Media - Sound**

PLAYING WITH SOUND: FROM NOISE TO MUSIC (GRADES 9-12)

Get an overview of some of the different hobbies and careers encompassed by the world of audio. Engage in hands-on time with different audio recording devices as you try activities such as voice-over and foley work. Take the opportunity to edit your recordings using standard software.

9017 CENG 27-001
Monday-Thursday, June 20-23
1-4 p.m.
4 Sessions
Grayslake Campus
\$225 O. Ucak

**Engage Camp:
Engineering**

ENGINEERING: DESIGN AND PROTOTYPE (GRADES 9-12)

Are you ready to accept a challenge that will combine sensors, motors, programming and prototyping? This camp will kick off with an introduction to coding. Delve into engineering principles by designing your own interactive device. Use solid modeling software to develop a foundation. Learn the basics of electronic design and Arduino programming. Use your creativity and our makerspace resources (laser, 3D printer, vinyl/print cut machine and lots of cardboard) to complete a specific challenge with your team.

8970 CENG 8-001
Monday-Thursday, July 11-14
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$225 J. Edwards

ENGINEERING: YOUNG WOMEN DESIGN YOUR OWN SEAT AT THE TABLE (GRADES 9-12)

NEW Camp! Learn the fundamentals of CAD/CAM software to create a unique wooden chair. Create elements in the design that express your individual sense of style. Dream, design and build your chair with tools and technology in the Baxter Innovation Lab.

8971 CENG 23-001
Monday-Thursday, July 25-28
9 a.m. to 12 p.m.
4 Sessions
Grayslake Campus
\$225 J. Edwards

Engage Camp: Entrepreneurship

ENTREPRENEURSHIP CAMP: FUNDAMENTALS FOR SUCCESS (GRADES 9-12)

Are you a budding entrepreneur or thinking about starting a business one day? This camp will teach you the fundamentals while having fun and exploring possibilities. Experience the product development process, marketing, finances and sales taught by successful business owners.

8968 CENG 25-001

Monday-Thursday, June 20-23

9 a.m. to 12 p.m.

4 Sessions

Grayslake Campus

\$225 B. Janus and W. Froese

Engage Camp: Filmmaking

3-2-1 ACTION! FILMMAKING WITH DIGITAL MEDIA (GRADES 6-10)

Learn visual storytelling through hands-on video creation. Work in collaboration with your team members and learn to write, produce, record and edit your video. Students should bring: charged photo device (iPhone, tablet or digital video camera with internal memory or a memory card to store high-quality images); a USB cable to connect device to computer; tripod and a flash drive; outdoor clothing (hat, sunglasses, sunblock). Note: This camp meets three days.

8972 CEXP 6-001

Monday-Wednesday, June 13-15

9 a.m. to 1 p.m.

3 Sessions

Grayslake Campus

\$225 E. Lopez

Engage Camp: Forensic Science

FORENSICS IN ACTION: INVESTIGATING CAREERS (GRADES 9-12)

Explore how forensic science, the application of science in legal proceedings, is used by a variety of professions to investigate crimes. Learn principles and techniques, including photography and evidence collection. Engage in an opportunity to apply your knowledge to "solve" a mock crime.

8997 CENG 24-001

Monday-Thursday, July 25-28

1-4 p.m.

4 Sessions

Grayslake Campus

\$225 C. Vanden Berk

Engage Camp: Graphic Design

GRAPHIC DESIGN: CREATE. DESIGN. LAYOUT. PRINT. (GRADES 9-12)

Learn about the art and design necessary to create your own visual pieces similar to those seen in advertising and media. Practice making your own work using free online apps. Translate your digital image creations into products such as keychains and buttons. Returning students are welcome. Prior to the first day of camp, sign up for the following free apps online.

1. Gravit Designer Pro:
www.designer.io/en/offers/freegravit

2. Canva for Education:
www.canva.com/education/students

8976 CENG 14-001

Monday-Thursday, June 6-9

9 a.m. to 12 p.m.

4 Sessions

Grayslake Campus

\$225 E. Lopez

Engage Camp: Lasers/Photonics/Optics

ILLUMINATING CAREERS IN LASERS, PHOTONICS AND OPTICS (GRADES 9-12)

Explore the wonderful world of lasers and photonics as you engage in hands-on activities with state-of-the-art optical and laser equipment. Learn the principles of generating and harnessing light through lasers, lenses, mirrors, fiber optics, digital microscopes and many other instruments. Discover the nature of light, how your eyes see colors, the importance of laser safety and how lasers are used in communications. Make your own laser light show! Examine the many related career fields available.

Discover: Art

THE INSPIRATION PROJECT: STORYTELLING AND SERIAL IMAGERY

Work quickly and freely to build a visual vocabulary, increase inspiration and develop an artistic style. Embrace storytelling and consider the relationships between culture and narrative from multiple art-historical and cultural vantage points. The supply list consists of a variety of versatile mixed media and less precious art materials, placing the focus on self-expression rather than perfection. Students gain familiarity with diverse techniques to combine art media fluidly and discover which materials work for them. Students from all cultures are encouraged to tell stories visually through works that emphasize meaning and process. If college credit is desired, enroll in ART 299 Special Topics.

Steps to Register in Noncredit Courses

1. Select Course(s)

- Navigate to learn.clcillinois.edu to browse Professional Development and Personal Enrichment courses.
- Click on a course name to see section availability. Select a section to begin the enrollment process.
- If “Add to Cart” is displayed, continue to Step 2: *Create a Noncredit Account and Pay*
- If “Begin Enrollment Process” is displayed, skip to Step 3: *Apply for Admission*

2. Create a Noncredit Account and Pay

- This login information is different from your CLC ID/Login and begins with an “X”
- Complete your personal and contact information. Read and check the box stating you understand the privacy policies.
- Select courses require an application to allow enrollment. Complete the online application and check the email associated with your Noncredit account for enrollment instructions.
- Resume the enrollment process by clicking on the shopping cart icon at the top of the page. Advance the process by clicking “Continue Checkout” after reading page content.
- Enter your credit or debit card information when prompted. All other payment methods need to be processed through a Noncredit office. Contact us at learn.help@clcillinois.edu with questions.
- Once you click “Confirm” you will reach a confirmation page and a receipt will be sent to the email address associated with your Noncredit account.

3. Apply for Admission, Register and Pay (Only required for some courses)

- To get your CLC ID, complete the Student Admission Form at clcillinois.edu/apply
- You will be emailed a CLC myLogin username and temporary password in two separate emails after application processing (usually one business day).

- Contact the ITS Service Desk for login assistance at clcillinois.edu/helpdesk or (847) 543-4357.
- With a CLC ID, enter the myCLC student portal at clcillinois.edu with login information and select “Student Center.”
- Click “Search for Classes” and specify the semester and subject. Select class by clicking on “Shopping Cart,” checking the box next to your class and clicking enroll. For more information, visit clcillinois.edu/admission.
- You will be emailed when your billing statement is available in myCLC. It is the responsibility of the student to meet payment deadlines. Payment plans (when applicable) and payment should be finalized before the first day of class.
- Visit clcillinois.edu/paying-for-college/how-to-pay for more information.

Registration Help

- For Personal Enrichment courses, call (847) 543-2980 or email cpinfo@clcillinois.edu for assistance
- For Professional Development courses, call (847) 543-2990 or email professionalworkshops@clcillinois.edu for assistance
- Hours of operation for both departments are Monday-Friday, 8 a.m. to 4:30 p.m.

Withdrawals and Refunds

- Students who do not attend or do not plan to complete a class they have enrolled in are responsible for officially dropping the class.
- Students who do not attend or stop attending class, but do not officially drop, will remain responsible for all tuition/fees for the class.
- Refund requests will be reviewed and issued to eligible students.
- Unless otherwise noted in the course description, students who enroll through the Noncredit Registration system must drop at least one day before their scheduled class begins for a full refund. Questions for these courses can be addressed to learn.help@clcillinois.edu.
- Courses in myCLC post individual drop deadlines. This can be found in “My Class Schedule” after clicking on the calendar icon next to the class. Further information on drop deadlines for these courses can be addressed to the Office of Registrar and Records at (847) 543-2061.

Senior Citizens

All in-district residents who are 60 years of age or older at the time of registration may receive a 50% tuition discount for select courses through Professional Development. Fees remain unchanged. The only eligible noncredit courses are those that require registration through the myCLC student portal. Contact professionalworkshops@clcillinois.edu or (847) 543-2990 to learn more.

Room Assignment

Check your schedule in learn.clcillinois.edu or the myCLC student portal, depending on registration point.

Clery Act

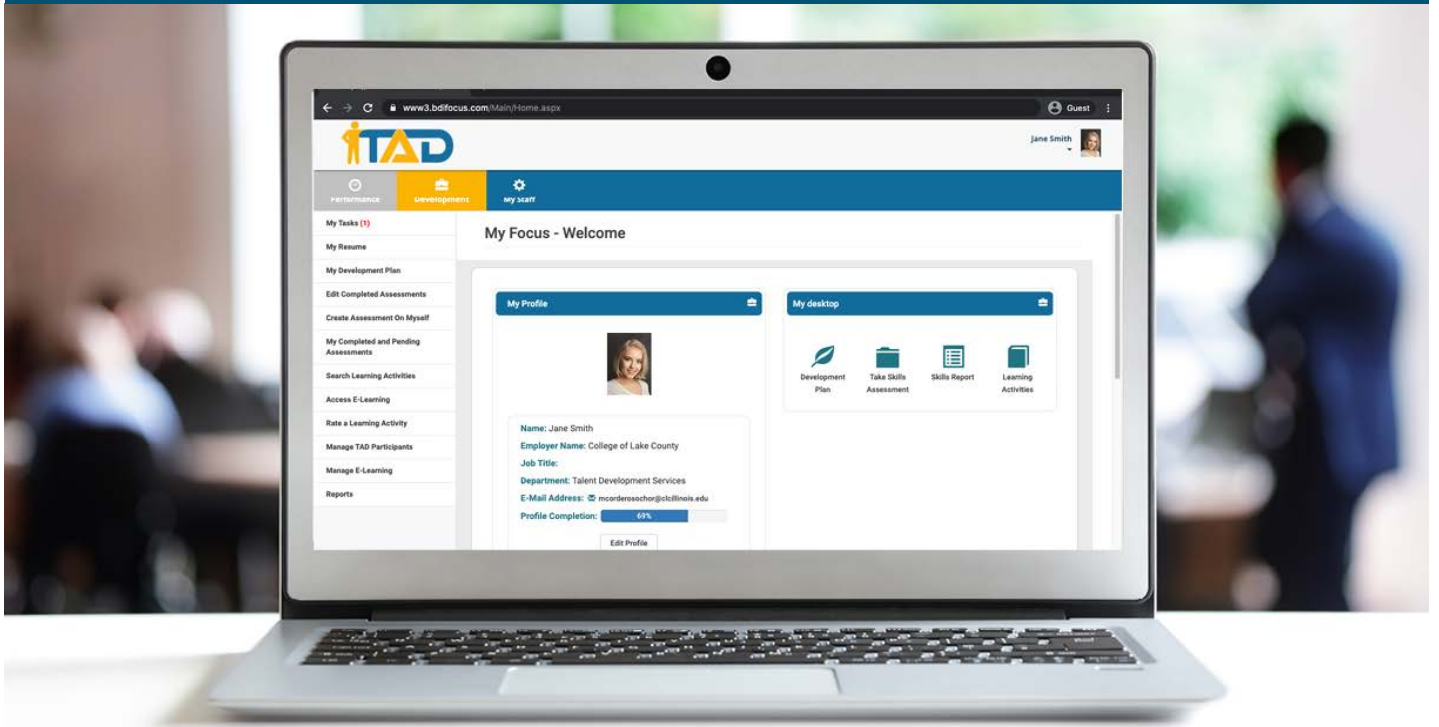

The College of Lake County is committed to maintaining a safe and secure educational environment. This report is available on the CLC Police Department website at www.clcillinois.edu/clery.

Courses start at various dates throughout the term; some courses begin as late as August. Keep this schedule handy and refer to it through August 2022. The information contained within is accurate as of April 2022, but is subject to change.

Continuing Education Vocational Credits

Continuing Education Vocational Credits do not apply to any degree or certificate program offered at the college in the academic divisions. Vocational credits will not be added to a student’s academic credit hours or included in the GPA. Students receive a grade of P (Pass) or N (No Pass). Call (847) 543-2990 for more information.

TRAINING, ASSESSMENT AND DEVELOPMENT FOR LAKE COUNTY EMPLOYERS

INSTRUCTOR-LED | SELF-PACED | BLENDED DELIVERY | COACHING

LOOKING AHEAD:

URBAN FARM COMING TO CLC

A new urban farm center will be sprouting up at CLC's Lakeshore Campus in Waukegan! The student-run farm, expected to open in fall of 2023, will apply sustainable agriculture practices such as hydroponics, aquaponics, raised beds and greenhouse production. It will operate from three renovated CLC buildings and will help revitalize the Lakeshore Campus with a facility that includes food cultivation, aggregation and storage.

This exciting initiative is a culmination of meaningful engagements with generous donors, local organizations and community members. CLC has partnered with the Chicago Botanic Garden to learn and take inspiration from its multi-use facility, the Farm on Ogden. We have also sought out local community input to ensure our efforts focus on the most relevant needs of the communities we serve.

Watch for more information as this project continues to bloom.

URBAN FARM GOALS

EDUCATION

Create best-in-class workforce development pathways in sustainable agriculture, horticulture, culinary, wellness and business

FOOD

Establish a community hub and marketplace in Lake County for locally produced food

HEALTH

Promote wellness, healthy cooking, food as medicine, and community health

JOBS

Develop the Lake County workforce through skilled employment opportunities that prepare for the next generation of leaders

ENVIRONMENTAL SUSTAINABILITY

A core value of CLC - this new facility builds on the existing Lakeshore Campus expansion initiative. The Student Center, opening Spring 2023, is anticipated to receive LEED Platinum certification.

FINANCIAL SUSTAINABILITY

Innovate diverse revenue streams including: restaurants, food distribution, recruitment partnerships with local employers (apprenticeships), hosting community groups and events and more!

BECOME A JOB-READY IT PROFESSIONAL WITH ONLINE BOOTCAMPS

Launch your tech career in just six months

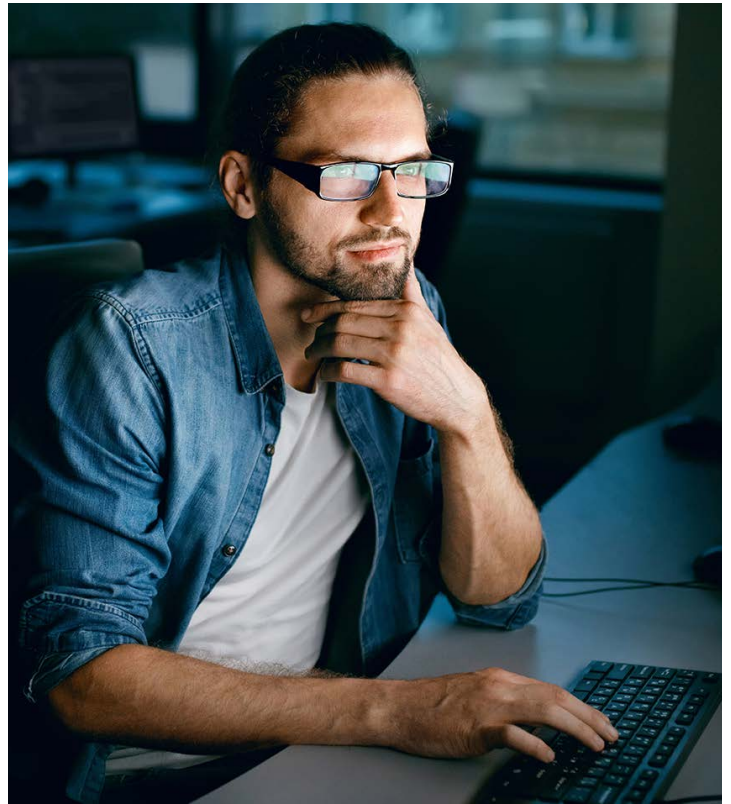

College of Lake County's IT Bootcamps will prepare you for in-demand, high-paying jobs in the tech sector. Gain the skills and practical experience employers are looking for in an accelerated, 100% online format.

Over six months, you will spend 15-25 hours a week building the knowledge, skills and industry certifications to land an entry-level IT job without prior experience. You will have access to five individualized coaching sessions and complete projects to help you prepare a professional portfolio.
